(b) Competitiveness by extending equal opportunity to enable private contracting parties who are eligible and qualified to participate in public bidding.

(c) Streamlined procurement process that will uniformly apply to all government procurement. The procurement process shall be simple and made adaptable to advances in modern technology in order to ensure an effective and efficient method.

(d) System of accountability where both the public officials directly or indirectly involved in the procurement process as well as in the implementation of procurement contracts and the private parties that deal with government are, when warranted by circumstances, investigated and held liable for their actions relative thereto.

(e) Public monitoring of the procurement process and the implementation of awarded contracts with the end in view of guaranteeing that these contracts are awarded pursuant to the provisions of this Act and its implementing rules and regulations, and that all these contracts are performed strictly according to specifications.

Alternatively, as may be deemed fit by the head of the procuring entity, there may be separate BACs where the number and complexity of the items to be procured shall so warrant. Similar BACs for decentralized and lower level offices may be formed when deemed necessary by the head of the procuring entity. The members of the BAC shall be designated by the Head of Procuring Entity. However, in no case shall the approving authority be a member of the BAC.

Unless sooner removed for a cause, the members of the BAC shall have a fixed term of one (1) year reckoned from the date of appointment, renewable at the discretion of the Head of the Procuring Entity. In proper cases, the BAC shall also recommend to the Head of the Procuring Entity the use of Alternative Methods of Procurement as provided for in Article XVI hereof.

The BAC shall be responsible for ensuring that the Procuring Entity abides by the standards set forth by this Act and the IRR, and it shall prepare a procurement monitoring report that shall be approved and submitted by the Head of the Procuring Entity to the GPPB on a semestral basis. The contents and coverage of this report shall be provided in the IRR.

SEC. 13. If the bidder with the Lowest Calculated Bid or Highest Rated Bid passes all the criteria for post-qualification, his Bid shall be considered the "Lowest Calculated Responsive Bid," in the case of Goods and Infrastructure or the "Highest Rated Responsive Bid," in the case of Consulting Services. Should it become necessary to extend the validity of the bids and bid securities beyond one hundred twenty (120) calendar days, the procuring entity concerned shall request in writing all those who submitted bids for such extension before the expiration date therefor. Bidders, however, shall have the right to refuse to grant such extension without forfeiting their bid security.^(37a)

The BAC shall open the bids immediately after the deadline for the submission and receipt of bids. The time, date, and place of the opening of bids shall be specified in the Bidding Documents. The bidders or their duly authorized representatives may attend the opening of bids. The BAC shall adopt a procedure for ensuring the integrity, security, and confidentiality of all submitted bids. RULE IX – BID EVALUATION

Section 30. Preliminary Examination of Bids

- 30.1. The BAC shall open the first bid envelopes of prospective bidders in public to determine each bidder's compliance with the documents required to be submitted for eligibility and for the technical requirements, as prescribed in this IRR. For this purpose, the BAC shall check the submitted documents of each bidder against a checklist of required documents to ascertain if they are all present, using a non-discretionary "pass/fail" criterion, as stated in the Instructions to Bidders. If a bidder submits the required document, it shall be rated "passed" for that particular requirement. In this regard, bids that fail to include any requirement or are incomplete or patently insufficient shall be considered as "failed". Otherwise, the BAC shall rate the said first bid envelope as "passed".^(a)
- 30.2. Immediately after determining compliance with the requirements in the first envelope, the BAC shall forthwith open the second bid envelope of each remaining eligible bidder whose first bid envelope was rated "passed." The second envelope of each complying bidder shall be opened within the same day, except as provided under Section 33 of this IRR. In case one or more of the requirements in the second envelope of a particular bid is missing, incomplete or patently insufficient, and/or if

³⁷ Amended through GPPB Resolution 03-2012 dated 27 January 2012, published in The Daily Tribune on 20 August 2012. Refer to Appendix 24 for the Guidelines on the Use of Bid Securing Declaration.

³⁸ As amended by GPPB Resolution 13-2009, dated 16 December 2009, published in The Daily Tribune on 24 December 2009.

the submitted total bid price exceeds the ABC, the BAC shall rate the bid concerned as "failed". Only bids that are determined to contain all the bid requirements for both components shall be rated "passed" and shall immediately be considered for evaluation and comparison.

- 30.3. For the procurement of goods where, due to the nature of the requirements of the project, the required technical specifications/requirements of the contract cannot be precisely defined in advance of bidding, or where the problem of technically unequal bids is likely to occur, a two (2)-stage bidding procedure may be employed. In these cases, the procuring entity concerned shall prepare the Bidding Documents, including the technical specification in the form of performance criteria only. Under this procedure, prospective bidders shall be requested at the first stage to submit their respective eligibility requirements if needed, and initial technical proposals only (no price tenders). The concerned BAC shall then evaluate the technical merits of the proposals received from eligible bidders vis-à-vis the required performance standards. A meeting/discussion shall then be held by the BAC with those eligible bidders whose technical tenders meet the minimum required standards stipulated in the Bidding Documents for purposes of drawing up the final revised technical specifications/requirements of the contract. Once the final revised technical specifications are completed and duly approved by the concerned BAC, copies of the same shall be issued to all the bidders identified in the first stage who shall then be required to submit their revised technical tenders, including their price proposals in two (2) separate sealed envelopes in accordance with this IRR, at a specified deadline, after which time no more bids shall be received. The concerned BAC shall then proceed in accordance with the procedure prescribed in this IRR.
- 30.4. For the procurement of consulting services, the detailed implementation of the procedure specified in this Section shall be as provided in Section 33 of this IRR.

Section 31. Ceiling for Bid Prices

- 31.1. The ABC shall be the upper limit or ceiling for acceptable bid prices. If a bid price, as evaluated and calculated in accordance with this IRR, is higher than the ABC, the bidder submitting the same shall be automatically disqualified. There shall be no lower limit or floor on the amount of the award.
- 31.2. For Foreign-funded Procurement, the ABC shall be applied as the ceiling, provided that the following conditions are met:
- a) Bidding Documents are obtainable free of charge on a freely accessible website. If payment of Bidding Documents is required by the procuring entity, payment could be made upon the submission of bids.
 - b) The procuring entity has procedures in place to ensure that the ABC is based on recent estimates made by the engineer or the responsible unit of the procuring entity and that the estimates are based on adequate detailed engineering (in the case of works) and reflect the quality, supervision and risk and inflationary factors, as well as prevailing market prices, associated with the types of works or goods to be procured.
 - c) The procuring entity has trained cost estimators on estimating prices and analyzing bid variances. In the case of infrastructure projects, the procuring entity must also have trained quantity surveyors.

- d) The procuring entity has established a system to monitor and report bid prices relative to ABC and engineer's/procuring entity's estimate.
- e) The procuring entity has established a monitoring and evaluation system for contract implementation to provide a feedback on actual total costs of goods and works.

However, the GOP and the foreign government/foreign or international financing institution may agree to waive the foregoing conditions.⁽ⁿ⁾

Section 32. Bid Evaluation for the Procurement of Goods and Infrastructure Projects

32.1. Members of the BAC, including its staff and personnel, as well as its Secretariat and TWG, are prohibited from making or accepting any communication with any bidder regarding the evaluation of their bids until the issuance of the Notice of Award. However, the BAC, through its Secretariat, may ask in writing the bidder for a clarification of its bid. All responses to requests for clarification shall be in writing.^(a)

32.2. For the procurement of goods and infrastructure projects, the purpose of bid evaluation is to determine the Lowest Calculated Bid using the following steps:

32.2.1. The BAC shall immediately conduct a detailed evaluation of all bids using non-discretionary criteria in considering the following:

- a) Completeness of the bid. Unless the Instructions to Bidders specifically allow partial bids, bids not addressing or providing all of the required items in the Bidding Documents including, where applicable, bill of quantities, shall be considered non-responsive and, thus, automatically disqualified. In this regard, where a required item is provided, but no price is indicated, the same shall be considered as non-responsive, but specifying a "0" (zero) for the said item would mean that it is being offered for free to the Government; and
- b) Arithmetical corrections. Consider computational errors and omissions to enable proper comparison of all eligible bids. It may also consider bid modifications if expressly allowed in the Bidding Documents.³⁹ Any adjustment shall be calculated in monetary terms to determine the calculated prices.^(a)

32.2.2. The BAC shall evaluate all bids on an equal footing to ensure fair and competitive bid comparison. For this purpose, all bidders shall be required to include the cost of all taxes, such as, but not limited to, value added tax (VAT), income tax, local taxes, and other fiscal levies and duties which shall be itemized in the bid form and reflected in the detailed estimates. Such bids, including said taxes, shall be the basis for bid evaluation and comparison.^(a)

32.2.3. In case of discrepancies between: (a) bid prices in figures and in words, the latter shall prevail; (b) total price per item and unit price for the item as extended or multiplied by the quantity of that item, the latter shall prevail; (c)

³⁹ Amended through GPPB Resolution 06-2009, dated 30 September 2009, published in the Manila Times on 20 October 2009.

Revised Implementing Rules and Regulations

stated total price and the actual sum of prices of component items, the latter shall prevail; (d) unit cost in the detailed estimate and unit cost in the bill of quantities, the latter shall prevail.

- 32.2.4. Bids shall then be ranked in the ascending order of their total calculated bid prices, as evaluated and corrected for computational errors, and other bid modifications, to identify the Lowest Calculated Bid. Total calculated bid prices, as evaluated and corrected for computational errors, and other bid modifications, which exceed the ABC shall be disqualified.^(a)
- 32.3. After all bids have been received, opened, examined, evaluated, and ranked, the BAC shall prepare the corresponding Abstract of Bids. All members of the BAC shall sign the Abstract of Bids and attach thereto all the bids with their corresponding bid securities and the minutes or proceedings of the bidding. The Abstract of Bids shall contain the following:
- a) Name of the contract and its location, if applicable;
 - b) Time, date and place of bid opening; and
 - c) Names of bidders and their corresponding calculated bid prices arranged from lowest to highest, the amount of bid security and the name of the issuing entity.
- 32.4. The entire evaluation process for the procurement of goods and infrastructure projects shall be completed within seven (7) calendar days from the deadline for receipt of proposals. However, for infrastructure projects costing Fifty Million Pesos (P50,000,000) and below, the entire evaluation process shall be completed in not more than five (5) calendar days from the deadline for receipt of proposals.^(a)

Section 33. Bid Evaluation of Short Listed Bidders for Consulting Services

- 33.1. From submission and receipt of bids until the approval by the Head of the Procuring Entity of the ranking of short listed bidders, those that have submitted their bids are prohibited from making any communication with any BAC member, including its staff and personnel, as well as its Secretariat and TWG, regarding matters connected to their bids. However, the BAC, through its Secretariat, may ask in writing the bidder for a clarification of its bid. All responses to requests for clarification shall be in writing.^(a)
- 33.2. The purpose of bid evaluation is to determine the Highest Rated Bid using the following steps:
- 33.2.1. The BAC shall conduct a detailed evaluation of bids using either of the following evaluation procedures as specified in the Bidding Documents:
- a) Quality-Based Evaluation Procedure
 - i) A two-stage procedure shall be adopted whereby each consultant shall be required to submit his technical and financial proposals simultaneously in separate sealed envelopes.

Revised Implementing Rules and Regulations

- ii) After receipt of bids, the technical proposals shall first be opened and evaluated, in accordance with Section 33.2.2 of this IRR. The BAC shall rank the consultants in descending order based on the numerical ratings of their technical proposals and identify the Highest Rated Bid: *Provided, however,* that the Highest Rated Bid shall pass the minimum score indicated in the Bidding Documents.
 - iii) The Head of the Procuring Entity shall approve or disapprove the recommendations of the BAC within two (2) calendar days after receipt of the results of the evaluation from the BAC.
 - iv) After approval by the Head of the Procuring Entity of the Highest Rated Bid, its financial proposal shall then be opened. The BAC shall, within three (3) calendar days, notify and invite the consultant with the Highest Rated Bid for the opening of financial proposal for the purpose of conducting negotiations with the said consultant. In the letter of notification, the BAC shall inform the consultant of the issues in the technical proposal the BAC may wish to clarify during negotiations.
 - v) Negotiations shall be in accordance with Section 33.2.5 of this IRR, provided that the amount indicated in the financial envelope shall be made as the basis for negotiations and the total contract amount shall not exceed the amount indicated in the envelope and the approved budget for the contract as stated in the Bidding Documents.^(a)
- b) Quality-Cost Based Evaluation Procedure
- i) The technical proposal together with the financial proposal shall be considered in the evaluation of consultants. The technical proposals shall be evaluated first using the criteria in Section 33.2.2 of this IRR. The financial proposals of the consultants who meet the minimum technical score shall then be opened.
 - ii) The financial and technical proposals shall be given corresponding weights with the financial proposal given a minimum weight of fifteen percent (15%) up to a maximum of forty percent (40%). The weight of the technical criteria shall be adjusted accordingly such that their total weight in percent together with the weight given to the financial proposal shall add to one hundred percent (100%). The exact weights shall be approved by the Head of the Procuring Entity upon the recommendation of the BAC and indicated in the Bidding Documents. The BAC shall rank the consultants in descending order based on the combined numerical ratings of their technical and financial proposals and identify the Highest Rated Bid.
 - iii) The Head of the Procuring Entity shall approve or disapprove the recommendations of the BAC within two (2) calendar days after receipt of the results of the evaluation from the BAC.
 - iv) After approval by the Head of the Procuring Entity of the Highest Rated Bid, the BAC shall, within three (3) calendar days, notify and

Revised Implementing Rules and Regulations

invite the consultant with the Highest Rated Bid for negotiation in accordance with Section 33.2.5 of this IRR, except for item (e) thereof.^(a)

33.2.2. The technical proposals of consultants shall be evaluated based on the following criteria and using the corresponding numerical weights indicated in the Bidding Documents:

- a) Quality of personnel to be assigned to the project which covers suitability of key staff to perform the duties of the particular assignments and general qualifications and competence including education and training of the key staff;
- b) Experience and capability of the consultant which include records of previous engagement and quality of performance in similar and in other projects; relationship with previous and current clients; and, overall work commitments, geographical distribution of current/impending projects and attention to be given by the consultant. The experience of the consultant to the project shall consider both the overall experiences of the firm and the individual experiences of the principal and key staff including the times when employed by other consultants; and
- c) Plan of approach and methodology with emphasis on the clarity, feasibility, innovativeness and comprehensiveness of the plan approach, and the quality of interpretation of project problems, risks, and suggested solutions.

For complex or unique undertakings, such as those involving new concepts/technology or financial advisory services, participating short listed consultants may be required, at the option of the agency concerned, to make an oral presentation to be presented by each consultant, or its nominated Project Manager or head, in case of firms, within fifteen (15) calendar days after the deadline for submission of technical proposals.

33.2.3. In order to eliminate bias in evaluating the technical proposals, it is recommended that the highest and lowest scores for each consultant for each criterion shall not be considered in determining the average scores of the consultants, except when the evaluation is conducted in a collegial manner.^(a)

33.2.4. All participating short listed consultants shall be furnished the results (ranking and total scores only) of the evaluation after the approval by the Head of the Procuring Entity of the ranking. Said results shall also be posted in the PhilGEPS and the website of the procuring entity, whenever available, for a period of not less than seven (7) calendar days.^(a)

33.2.5. Negotiations shall cover the following:

- a) Discussion and clarification of the TOR and Scope of Services;
- b) Discussion and finalization of the methodology and work program proposed by the consultant;

Revised Implementing Rules and Regulations

- c) Consideration of appropriateness of qualifications and pertinent compensation, number of man-months and the personnel to be assigned to the job, taking note of over-qualified personnel, to be commensurate with the compensation of personnel with the appropriate qualifications, number of man-months and schedule of activities (manning schedule);
- d) Discussion on the services, facilities and data, if any, to be provided by procuring entity concerned;
- e) Discussion on the financial proposal submitted by the consultant; and
- f) Provisions of the contract.

Except for meritorious reasons, negotiations with any one consultant shall be completed within ten (10) calendar days.^(a)

- 33.2.6. Total calculated bid prices, as evaluated and corrected for minor arithmetical corrections, such as computational errors, which exceed the ABC shall not be considered.^(a)
- 33.3. There should be no replacement of key personnel before the awarding of contract, except for justifiable reason, such as, illness, death, or resignation provided it is duly supported by relevant certificates, or any delay caused by the procuring entity. The procuring entity shall immediately consider negotiation with the next ranked consultant if unjustifiable replacement of personnel by the first ranked firm is made. Once the contract has been awarded, no replacement shall be allowed until after fifty percent (50%) of the personnel's man-months have been served, except for justifiable reasons, subject to appropriate sanctions as prescribed in the PBDs.^(a)
- 33.4. The entire evaluation process, including the submission of the results thereof to the Head of the Procuring Entity for approval, shall be completed in not more than twenty-one (21) calendar days after the deadline for receipt of proposals. The proposal with the highest score shall be identified as the Highest Rated Bid.^(a)

RULE X – POST-QUALIFICATION

Section 34. Objective and Process of Post-Qualification

- 34.1. The Lowest Calculated Bid/Highest Rated Bid shall undergo post-qualification in order to determine whether the bidder concerned complies with and is responsive to all the requirements and conditions as specified in the Bidding Documents.^(a)
- 34.2. Within three (3) calendar days from receipt by the bidder of the notice from the BAC that the bidder has the Lowest Calculated Bid or Highest Rated Bid, the bidder shall submit the following documentary requirements to the BAC:⁴⁰
- a) Latest income and business tax returns;

⁴⁰ Amended through GPPB Resolution 21-2013, dated 30 July 2013, published in Malaya Business Insight on 21 March 2014.

Revised Implementing Rules and Regulations

- b) Certificate of PhilGEPS Registration or PhilGEPS Registration Number if the procuring entity is a Philippine foreign office or post, provided that participating bidders should register with the PhilGEPS prior to bid opening⁴¹; and
- c) Other appropriate licenses and permits required by law and stated in the Bidding Documents.

Failure to submit the above requirements on time or a finding against the veracity of such shall be ground for the forfeiture of the bid security and disqualify the bidder for award.⁽ⁿ⁾

34.3. The post-qualification shall verify, validate, and ascertain all statements made and documents submitted by the bidder with the Lowest Calculated Bid/Highest Rated Bid, using non-discretionary criteria, as stated in the Bidding Documents. These criteria shall consider, but shall not be limited to, the following:

- a) Legal Requirements. To verify, validate, and ascertain licenses, certificates, permits, and agreements submitted by the bidder, and the fact that it is not included in any "blacklist" as provided in Section 25.2 of this IRR. For this purpose, the GPPB shall maintain a consolidated file of all "blacklisted" suppliers, contractors, and consultants.
- b) Technical Requirements. To determine compliance of the goods, infrastructure projects, or consulting services offered with the requirements specified in the Bidding Documents, including, where applicable:
 - i) Verification and validation of the bidder's stated competence and experience, and the competence and experience of the bidder's key personnel to be assigned to the project, for the procurement of infrastructure projects and consulting services;
 - ii) Verification of availability and commitment, and/or inspection and testing for the required capacities and operating conditions, of equipment units to be owned/leased/under purchase by the bidder for use in the contract under bidding, as well as checking the performance of the bidder in its ongoing government and private contracts (if any of these on-going contracts shows a reported negative slippage of at least fifteen percent (15%), or substandard quality of work as per contract plans and specifications, or unsatisfactory performance of the contractor's obligations as per contract terms and conditions, at the time of inspection, and if the BAC verifies any of these deficiencies to be due to the contractor's fault or negligence, the agency shall disqualify the contractor from the award), for the procurement of infrastructure projects;
 - iii) Verification and/or inspection and testing of the goods/product, after-sales and/or maintenance capabilities, in applicable cases, for the procurement of goods; and
 - iv) Ascertainment of the sufficiency of the bid security as to type, amount, form and wording, and validity period.

⁴¹ Amended through GPPB Resolution 23-2014, dated 31 October 2014. For publication.

Revised Implementing Rules and Regulations

- c) Financial Requirements. To verify, validate and ascertain the bid price proposal of the bidder and, whenever applicable, the required CLC in the amount specified and over the period stipulated in the Bidding Documents, or the bidder's NFCC to ensure that the bidder can sustain the operating cash flow of the transaction.
- 34.4. If the BAC determines that the bidder with the Lowest Calculated Bid/Highest Rated Bid passes all the criteria for post-qualification, it shall declare the said bid as the Lowest Calculated Responsive Bid/Highest Rated Responsive Bid, and recommend to the Head of the Procuring Entity the award of contract to the said bidder at its submitted bid price or its calculated bid price, whichever is lower or, in the case of quality-based evaluation procedure, submitted bid price or its negotiated price, whichever is lower.^(a)

49.2. The pre-selected suppliers or consultants shall be those appearing in a list maintained by the relevant government authority that has expertise in the type of procurement concerned. - a) Procurement of goods of proprietary nature which can be obtained only from the proprietary source, *i.e.* when patents, trade secrets, and copyrights prohibit others from manufacturing the same item;

This method of procurement shall be employed in any of the following cases:

- a) When there is an unforeseen contingency requiring immediate purchase: *Provided, however*, That the amount shall not exceed the thresholds prescribed in Annex "H" of this IRR.
- b) Procurement of ordinary or regular office supplies and equipment not available in the Procurement Service involving an amount not exceeding the thresholds prescribed in Annex "H" of this IRR.^(a)

52.2. The phrase "ordinary or regular office supplies" shall be understood to include those supplies, commodities, or materials which, depending on the procuring entity's mandate and nature of operations, are necessary in the transaction of its official businesses, and consumed in the day-to-day operations of said procuring entity.

- 53.1.1. After conduct of the mandatory review of the terms, conditions, specifications, and cost estimates, as prescribed in Section 35 of this IRR, the BAC shall revise and agree on the minimum technical specifications, and if necessary, adjust the ABC, subject to the required approvals. However, the ABC cannot be increased by more than twenty percent (20%) of the ABC for the last failed bidding.⁽ⁿ⁾
- 53.1.2. The BAC shall invite and engage in negotiations with a sufficient number of suppliers, contractors or consultants to ensure effective competition.^(a)
- 53.1.2.1. In the case of infrastructure projects, *bona fide* contractors licensed with the CIAP whose eligibility documents are on file with the procuring entity concerned or the Department of Public Works and Highways (DPWH) Contractors' Registry, as the case may be, and who have been classified under the type of contract/project where the subject contract falls are eligible to be invited for negotiation. Other contractors not previously deemed eligible may also apply for eligibility.
- 53.1.2.2. All Procuring Entities shall maintain a registry of suppliers, contractors, and consultants as basis for drawing up the short list and/or selecting the suppliers, contractors, and consultants for negotiations.

ANNEX "A"
**DETAILED ENGINEERING FOR THE PROCUREMENT OF
INFRASTRUCTURE PROJECTS**

1. Detailed engineering shall proceed only on the basis of the feasibility or preliminary engineering study made which establishes the technical viability of the project and conformance to land use and zoning guidelines prescribed by existing laws. The findings contained in the feasibility study, if undertaken for the project, shall be examined. If, in the course of this exercise, it is found that changes would be desirable in the design standards of principal features, as proposed, specific recommendations for such changes shall be supported by detailed justifications, including their effects on the cost, and (if necessary) the economic justification.
2. A schedule of detailed engineering activities shall include the following:
 - a) Survey
 - b) Site Investigation
 - c) Soils and Foundation Investigation
 - d) Construction Materials Investigation
 - e) Preparation of Design Plans
 - f) Preparation of Technical Specifications
 - g) Preparation of Quantity and Cost Estimates
 - h) Preparation of Program of Work
 - i) Preparation of Proposed Construction Schedule (and estimated Cash Flow for projects with Schedule over Six (6) Months)
 - j) Preparation of Site or Right-of-Way Plans including Schedule of Acquisition
 - k) Preparation of Utility Relocation Plan
 - l) Preparation and Submission of Design Report
 - m) Environmental Impact Statement for critical project as defined by the Department of Environment and Natural Resources (DENR)
 - n) Preparation of minimum requirements for a Construction Safety and Health Program for the project being considered
 - o) Preparation of Bid/Tender Documents
3. Work under detailed engineering shall include, but not necessarily be limited to, the following:
 - a) Design Standards – Design standards shall be in accordance with appropriate standards and accepted detailed engineering practice adopted by the agency concerned. Design standards for structures shall take into account, among other things, the seismicity of the area to determine the optimum safety of structures and to minimize possible earthquake damage.
 - b) Field Surveys And Investigations – Necessary field surveys and investigations which may include aerial, hydrographic, topographic, hydrologic, sub-surface, monumenting and other surveys shall be carried out in accordance with the design guidelines, criteria and standards adopted by the agency concerned. All survey and investigation works shall be prepared in a manner satisfactory to carry out accurate design and production of plans that will permit quantity estimates to be made within plus or minus ten percent (10%) of the final quantities of the completed structure.

- c) Contract Plans – The following plans shall be prepared for each construction contract in accordance with guidelines and standards adopted by the procuring entity concerned, incorporating at least the following:
 - i) Site development plan
 - ii) Plans and profile sheet
 - iii) Typical sections and details
 - iv) Drainage details where applicable
 - v) Structural plans at appropriate scales indicating all details necessary in order that the complete structure can be set out and constructed
 - vi) Other details which may be required by the head of the agency
- d) Quantities – All construction quantities shall be computed to a reasonable accuracy of not more than plus or minus ten percent (10%) of the final quantities of the as-built structure.
- e) Special Provisions – Specifications shall be prepared for specific terms of work or methods of construction, measurement and payment under each contract, which are not covered by Standard Construction and Material Specifications adopted by the procuring entity concerned.
- f) Unit Prices – These shall be prepared for each contract using costs based on reasonable approved current prices as projected over the proposed construction period, divided into local and foreign exchange costs, as the case may be.
- g) Approved Budget for the Contract – the ABC to be bid shall be prepared by official(s) duly designated by the Head of the Procuring Entity concerned or by his duly authorized official. It shall be approved by the Head of the Procuring Entity or his duly designated official.

Since the contracts are fixed price contracts, the ABC to be bid shall provide for the projected movements of construction costs over the construction period considering the projected inflation and foreign exchange rates as issued by the Development Budget Coordination Committee (DBCC). It shall also show the local and foreign currency requirements, as the case may be.

The ABC to be bid shall specify for each major work item, such as earthwork, roadwork, and massive concreting, the components for equipment rentals, fuel, labor, materials and overhead, including the cost of the approved construction safety and health program and warranty premium.

- h) Bidding Documents – These shall be prepared as provided for in the IRR.
- i) Program of Work – Before prosecuting any project, the necessary program of work shall be prepared and submitted for approval. In no case shall construction funds be remitted to field offices or construction work on a project be started before the program of work is approved, in accordance with existing laws.

No program of work for any project shall be approved without detailed engineering.

The program of work shall include, among other things, estimates of the work, items, quantities and costs and a PERT/CPM network of the project activities. The program of work shall cover at least a usable portion of the project and no construction shall be started for portions of the project that are less than usable, except projects requiring stage construction, in which case continuity of construction up to the completion of a usable portion must be assured.

- j) Contract Time or Duration – In the preparation of the Bidding Documents, the agency shall make an estimate of the actual number of working days required to complete the project through PERT/CPM analysis of the project activities and corrected for holidays and weekends. Likewise, the agency shall make an estimate of the number of rainy/unworkable days considered unfavorable for the prosecution of the works at the site, based on the records of the Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA), and incorporate the same in the corrected actual number of working days determined above, which shall be made the basis of the total contract time. The estimated number of rainy/unworkable days considered unfavorable for the prosecution of the works at the site shall be made known before the date of bidding through the Instructions to Bidders for the purpose of guiding the contractor in preparing his bid and as reference to both the GOP and winning contractors taking action on the requests for time extensions. Without the estimated number of rainy/unworkable days established before the bidding date and made known to all participating bidders, the contract time is presumed to have excluded the unfavorable conditions.
 - k) Warranty Period – Likewise, the Bidding Documents shall specify the type of project and the corresponding warranty period required by the procuring entity.
 - l) Value Engineering – For major projects as specified by the agency, value engineering shall be conducted according to accepted standards and practices. Value engineering shall analyze alternative schemes of achieving the projects objectives in order to delete or reduce non-essential features and lessen the life cycle costs of the projects without sacrificing the quality and integrity of the structure, while maintaining its essential function, performance, and safety.
 - m) Site or Right-of-Way Acquisition Plans and Resettlement Action Plans – These shall be prepared based on parcellary surveys and socio-economic surveys of households affected by the project.
4. As a requirement for the procurement of infrastructure works, the concerned consultants/government officials who prepared and approved the detailed engineering shall issue a certification that the detailed engineering surveys and designs have been conducted according to the prescribed agency standards and specifications in conformance with the provisions of this Annex, and that the detailed engineering outputs are adequate for the procurement at hand. The approval by the authorized government officials of detailed engineering surveys and designs undertaken by consultants neither diminishes the responsibility of the latter for the technical integrity of the surveys and designs nor transfer any part of that responsibility to the approving officials.
5. The above rules shall apply to the implementation of infrastructure projects under normal or ordinary conditions. However, under emergency or extraordinary cases

involving major calamities and disasters as declared by the President where time is of the essence to save lives and properties and restore damaged infrastructures, detailed engineering works shall be conducted in accordance with the guidelines and procedures, as prescribed by the head of the appropriate infrastructure agency and approved by the Infrastructure Committee of the National Economic and Development Authority Board, to enable quick response to said cases, while maintaining the safety and integrity of the structure.

3. Independence of Consultants

To ensure the consultant's professional independence, integrity, and objectivity, consultants, as well as key staff working for the consulting entity, who may be directly or indirectly associated with non-consulting firms that may have an interest in or bias towards the project concerned, shall be selected only if they agree to limit their role to that of consultants and will disqualify themselves and their affiliates for bidding for products and services of the same government project.

4. Hiring of Consultants

- 4.1. Consultants shall be hired on the basis of their proven expertise, experience and capability. Under certain conditions provided herein, cost may be included as a factor in the selection of consultants.
- 4.2. In order to manifest trust and confidence in and promote the development of Filipino consultancy, Filipino consultants shall be hired whenever the services required for the project are within the expertise and capability of Filipino consultants: *Provided, however,* That in the event Filipino consultants do not have the sufficient expertise and capability to render the services required under the project, as determined by the Head of the Procuring Entity, foreign consultants may be hired.

The umbrella organization shall prepare and certify a list of fields and expertise in such fields available with the names of the accredited local consultants which shall be updated annually or as often as necessary and disseminate such list to concerned agencies of the Government. It shall likewise regulate its members for the development of the industry. The Government may consult and deal with this umbrella organization on matters relating to the industry. The GPPB shall be the appropriate government body that shall recognize the consultants' umbrella organization.
- 5.2. The umbrella organization may submit its files of accredited consultants to the BAC of the procuring entity in accordance with the form prescribed by the BAC which can serve as registration of the consultants under the next succeeding Subsection: *Provided, however,* That each such accredited consultant shall comply with the eligibility requirements provided in this IRR. Such qualification statements, together with the list of accredited consultants prepared in accordance with the immediately preceding section, shall guide the BAC in determining the fields where Filipino consultants are already qualified and capable and where foreign consultants may not be required.

ANNEX "D"
**CONTRACT IMPLEMENTATION GUIDELINES FOR THE PROCUREMENT
OF GOODS, SUPPLIES AND MATERIALS**

1. Amendment to Order

- 1.1. Subject to the conditions set forth below, amendments to order may be issued at any time by the procuring entity concerned. If any such order increases or decreases the cost of, or the time required for executing any part of the work under the original contract, an equitable adjustment in contract price and/or delivery schedule shall be mutually agreed upon between the parties concerned, and the contract modified in writing.
- 1.2. An amendment to order may be issued only in emergency cases or during fortuitous events requiring necessary adjustments within the general scope of the contract in any one or more of the following is required in order to fully meet the requirements of the project:
 - a) drawings, design or specifications, if the goods to be furnished are to be specifically manufactured for the Government in accordance therewith;
 - b) method of shipment or packing; or
 - c) place of delivery.
- 1.3. An amendment to order may also be issued by the concerned procuring entity where there are additional items needed and necessary for the protection of the goods, which were not included in the original contract. Payments for these additional items shall be based on the unit prices in the original contract for items of goods similar to those in the original contract. If the contract does not contain any rate applicable to the additional items, then suitable prices shall mutually be agreed upon between the parties. Request for payment by the supplier for any additional items shall be accompanied by a statement with the approved supporting forms, giving a detailed accounting and record of amount for which it claims payment. The contract time shall likewise be extended if the acquisition of such additional items so warrants.
- 1.4. Under no circumstances shall a supplier proceed to commence work under any amendment to order unless the same has been approved by the Head of the Procuring Entity concerned or his duly authorized representative. As an exception to the rule, the Regional Director/Head concerned may authorize the immediate start of work under any amendment to order in the event of emergencies to avoid detriment to public service, or damage to life and/or property or when time is of the essence: Provided, however, That the same is valid only on items up to the point where the cumulative increase in the contract cost which has not yet been duly fully approved by the Head of the Procuring Entity concerned or his duly authorized representative does not exceed five percent (5%) of the original contract cost: Provided, further, That the corresponding amendment to order shall immediately be prepared and submitted for approval to the Head of the Procuring Entity concerned or his duly authorized representative. For an amendment to order involving a cumulative amount exceeding five percent (5%) of the original contract price, no work thereon shall be commenced unless the same has been approved by the Head of Procuring

Entity concerned or his duly authorized representative: *Provided*, That, the said cumulative amount does not exceed ten percent (10%) of the original contract price.

2. Suspension of Work

- 2.1. The procuring entity may suspend the work wholly or partly by written order for a certain period of time, as it deems necessary due to force majeure or any fortuitous events as defined in the contract. The supplier or consultant shall take all reasonable steps to minimize the costs allocable to the work covered by such order during work stoppage.
- 2.2. Before the suspension order expires, the procuring entity concerned shall either lift such order or terminate the work covered by the same. If the suspension order is lifted, or if the period of the order expires, the supplier or consultant shall have the right to resume work. Appropriate adjustments shall be made in the delivery or contract schedule, or contract price, or both, and the contract shall be modified accordingly.

3. Liquidated Damages

- 3.1. When the supplier fails to satisfactorily deliver goods under the contract within the specified delivery schedule, inclusive of duly granted time extensions, if any, the supplier shall be liable for damages for the delay and shall pay the procuring entity liquidated damages, not by way of penalty, an amount equal to one-tenth (1/10) of one percent (1%) of the cost of the delayed goods scheduled for delivery for every day of delay until such goods are finally delivered and accepted by the procuring entity concerned.
- 3.2. The procuring entity need not prove that it has incurred actual damages to be entitled to liquidated damages. Such amount shall be deducted from any money due or which may become due to the supplier, or collected from any securities or warranties posted by the supplier, whichever is convenient to the procuring entity concerned. In no case shall the total sum of liquidated damages exceed ten percent (10%) of the total contract price, in which event the procuring entity concerned shall automatically rescind the contract and impose appropriate sanctions over and above the liquidated damages to be paid.

4. Advance Payment

- 4.1. In accordance with Presidential Decree 1445, advance payment shall be made only after prior approval of the President, and shall not exceed fifteen percent (15%) of the contract amount, unless otherwise directed by the President; *Provided, however*, that for cases mentioned under 4.3, 4.4, and 4.5 of these guidelines, no prior approval by the President shall be necessary.
- 4.2. All progress payments shall first be charged against the advance payment until the latter has been fully exhausted, unless otherwise approved by the President.
- 4.3. A single advance payment not to exceed fifty percent (50%) of the contract amount shall be allowed for contracts entered into by a procuring entity for the following services where requirement of down payment is a standard industry practice:
 - a) Hotel and restaurant services;

- b) Use of conference/seminar and exhibit areas; and
- c) Lease of office space.

4.4. Advance payment not to exceed fifteen percent (15%) of the contract amount, unless otherwise directed by the President, shall also be allowed for procurement of goods required to address contingencies arising from natural or man-made calamities in areas where a "State of Calamity" has been declared by appropriate authorities.

4.5. Upon submission of an irrevocable letter of credit or bank guarantee issued by a Universal or Commercial Bank, advance payment not to exceed fifteen percent (15%) of the contract amount shall be allowed and paid within sixty (60) calendar days from signing of the contract. The irrevocable letter of credit or bank guarantee must be for an equivalent amount, shall remain valid until the goods are delivered, and accompanied by a claim for advance payment.⁶⁸

5. Other Rules and Guidelines

The rules and regulations for the other aspects of contract implementation shall be included in the manuals to be issued by the GPPB, such as, but not limited to, the following:

- a) Incidental Services;
- b) Spare Parts;
- c) Delays in the Supplier's Performance;
- d) Purchaser's Responsibilities;
- e) Prices;

- i) Standards;
- j) Packing;
- k) Insurance;
- l) Transportation;
- m) Inspections and Tests;
- n) Patent Rights;
- o) Limitations of Liability;
- p) Termination for Default;
- q) Termination for Insolvency;
- r) Termination for Convenience; and
- s) Assignment.

ANNEX "E"
**CONTRACT IMPLEMENTATION GUIDELINES FOR THE PROCUREMENT
OF INFRASTRUCTURE PROJECTS**

1. VARIATION ORDERS - CHANGE ORDER/EXTRA WORK ORDER

- 1.1. Variation Orders may be issued by the procuring entity to cover any increase/decrease in quantities, including the introduction of new work items that are not included in the original contract or reclassification of work items that are either due to change of plans, design or alignment to suit actual field conditions resulting in disparity between the preconstruction plans used for purposes of bidding and the "as staked plans" or construction drawings prepared after a joint survey by the contractor and the Government after award of the contract, provided that the cumulative amount of the positive or additive Variation Order does not exceed ten percent (10%) of the original contract price. The addition/deletion of works under Variation Orders should be within the general scope of the project as bid and awarded. The scope of works shall not be reduced so as to accommodate a positive Variation Order. A Variation Order may either be in the form of either a change order or extra work order.
- 1.2. A Change Order may be issued by the implementing official to cover any increase/decrease in quantities of original work items in the contract.
- 1.3. An Extra Work Order may be issued by the implementing official to cover the introduction of new work necessary for the completion, improvement or protection of the project which was not included as items of work in the original contract, such as, where there are subsurface or latent physical conditions at the site differing materially from those indicated in the contract, or where there are duly unknown physical conditions at the site of an unusual nature differing materially from those ordinarily encountered and generally recognized as inherent in the work or character provided for in the contract.
- 1.4. Any cumulative positive Variation Order beyond ten percent (10%) of the original contract price shall be subject of another contract to be bid out if the works are separable from the original contract. In exceptional cases where it is urgently necessary to complete the original scope of work, the Head of the Procuring Entity may authorize a positive variation order that will make the cumulative value of the positive Variation Orders go beyond ten percent (10%) but not more than twenty percent (20%) of the original contract price, subject to the guidelines to be determined by the GPPB: Provided, however, That appropriate sanctions shall be imposed on the designer, consultant or official responsible for the original detailed engineering design which failed to consider the Variation Order beyond ten percent (10%).
- 1.5. In claiming for any Variation Order, the contractor shall, within seven (7) calendar days after such work has been commenced pursuant to Section 3.2 hereof; or, within twenty eight (28) calendar days after the circumstances or reasons justifying a claim for extra cost shall have occurred, deliver a notice giving full and detailed particulars of any extra cost in order that it may be investigated at that time.⁶⁹ Failure to

⁶⁹ As amended by GPPB Resolution No. 08-2011 dated 7 October 2011.

provide either of such notices in the time stipulated shall constitute a waiver by the contractor for any claim. The preparation and submission of Variation Orders are as follows:

- a) If the procuring entity's representative/Project Engineer believes that a Change Order or Extra Work Order should be issued, he shall prepare the proposed Order accompanied with the notices submitted by the contractor, the plans therefore, his computations as to the quantities of the additional works involved per item indicating the specific stations where such works are needed, the date of his inspections and investigations thereon, and the log book thereof, and a detailed estimate of the unit cost of such items of work, together with his justifications for the need of such Change Order or Extra Work Order, and shall submit the same to the Head of the Procuring Entity for approval.
- b) The Head of the Procuring Entity or his duly authorized representative upon receipt of the proposed Change Order or Extra Work Order shall immediately instruct the appropriate technical staff or office of the procuring entity to conduct an on-the-spot investigation to verify the need for the work to be prosecuted and to review the proposed plan, and prices of the work involved.⁷⁰
- c) The technical staff of appropriate office of the procuring entity shall submit a report of their findings and recommendations, together with the supporting documents, to the Head of the Procuring Entity or his duly authorized representative for consideration.⁷¹
- d) The Head of the Procuring Entity or his duly authorized representative, acting upon the recommendation of the technical staff or appropriate office, shall approve the Change Order or Extra Work Order after being satisfied that the same is justified, necessary, and in order.⁷²
- e) The timeframe for the processing of Variation Orders from the preparation up to the approval by the procuring entity concerned shall not exceed thirty (30) calendar days.

2. ADDITIONAL/EXTRA WORK COSTING

- 2.1. For Variation Orders, the contractor shall be paid for additional work items whose unit prices shall be derived based on the following:
 - a. For additional/extra works duly covered by Change Orders involving work items which are exactly the same or similar to those in the original contract, the applicable unit prices of work items original contract shall be used.
 - b. For additional/extra works duly covered by Extra Work Orders involving new work items that are not in the original contract, the unit prices of the new work items shall be based on the direct unit costs used in the original contract (*e.g.*, unit cost of cement, rebars, form lumber, labor rate, equipment rental, etc.). All new components of the new work item shall be fixed prices, provided the same is acceptable to both the Government and the contractor, and provided

⁷⁰ As amended by GPPB Resolution No. 08-2011 dated 7 October 2011.

⁷¹ *Ibid.*

⁷² *Ibid.*

further that the direct unit costs of new components shall be based on the contractor's estimate as validated by the procuring entity concerned via documented canvass in accordance with existing rules and regulations. The direct cost of the new work item shall then be combined with the mark-up factor (*i.e.*, taxes and profit) used by the contractor in his bid to determine the unit price of the new work item.

2.2. Request for payment by the contractor for any extra work shall be accompanied by a statement, with the approved supporting forms, giving a detailed accounting and record of amount for which he claims payment. Said request for payment shall be included with the contractor's statement for progress payment.

3. CONDITIONS UNDER WHICH CONTRACTOR IS TO START WORK UNDER VARIATION ORDERS AND RECEIVE PAYMENTS

3.1. Under no circumstances shall a contractor proceed to commence work under any Change Order or Extra Work Order unless it has been approved by the Head of the Procuring Entity or his duly authorized representative.

3.2. However, under any of the following conditions, the procuring entity's representative/Project Engineer may, subject to the availability of funds and within the limits of his delegated authority, allow the immediate start of work under any Change Order or Extra Work Order:⁷³

i) In the event of an emergency where the prosecution of the work is urgent to avoid detriment to public service, or damage to life and/or property; and/or

ii) When time is of the essence;

Provided, however, That such approval is valid on work done up to the point where the cumulative increase in value of work on the project which has not yet been duly fully approved does not exceed five percent (5%) of the adjusted original contract price;

Provided, further, That immediately after the start of work, the corresponding Change Order or Extra Work Order shall be prepared and submitted for approval in accordance with the above rules herein set. Payments for works satisfactorily accomplished on any Change Order or Extra Work Order may be made only after approval of the same by the Head of the Procuring Entity or his duly authorized representative.

Provided, finally, That for a Change Order or Extra Work Order involving a cumulative amount exceeding five percent (5%) of the original contract price, no work thereon may be commenced unless said Change Order or Extra Work Order has been approved by the Head of the Procuring Entity or his duly authorized representative.⁷⁴

⁷³ As amended by GPPB Resolution No. 08-2011 dated 7 October 2011.

⁷⁴ *Ibid.*

4. ADVANCE PAYMENT

- 4.1. The procuring entity shall, upon a written request of the contractor which shall be submitted as a contract document, make an advance payment to the contractor in an amount not exceeding fifteen percent (15%) of the total contract price, to be made in lump sum or, at the most, two installments according to a schedule specified in the Instructions to Bidders and other relevant Tender Documents.
- 4.2. The advance payment shall be made only upon the submission to and acceptance by the procuring entity of an irrevocable standby letter of credit of equivalent value from a commercial bank, a bank guarantee or a surety bond callable upon demand, issued by a surety or insurance company duly licensed by the Insurance Commission and confirmed by the procuring entity.
- 4.3. The advance payment shall be repaid by the contractor by deducting fifteen percent (15%) from his periodic progress payments a percentage equal to the percentage of the total contract price used for the advance payment.
- 4.4. The contractor may reduce his standby letter of credit or guarantee instrument by the amounts refunded by the Monthly Certificates in the advance payment.

5. PROGRESS PAYMENT

- 5.1. Once a month, the contractor may submit a statement of work accomplished (SWA) or progress billing and corresponding request for progress payment for work accomplished. The SWA should show the amounts which the contractor considers itself to be entitled to up to the end of the month, to cover (a) the cumulative value of the works it executed to date, based on the items in the Bill of Quantities, and (b) adjustments made for approved variation orders executed.
- 5.2. The procuring entity's representative/project engineer shall check the contractor's monthly SWA and certify the amount to be paid to the contractor as progress payment. Except as otherwise stipulated in the Instruction to Bidders, materials and equipment delivered on the site but not completely put in place shall not be included for payment.
- 5.3. The procuring entity shall deduct the following from the certified gross amounts to be paid to the contractor as progress payment:
 - a) Cumulative value of the work previously certified and paid for.
 - b) Portion of the advance payment to be recouped for the month.
 - c) Retention money in accordance with the condition of contract.
 - d) Amount to cover third party liabilities.
 - e) Amount to cover uncorrected discovered defects in the works.

6. RETENTION MONEY

- 6.1. Progress payments are subject to retention of ten percent (10%) referred to as the "retention money." Such retention shall be based on the total amount due to the contractor prior to any deduction and shall be retained from every progress payment until fifty percent (50%) of the value of works, as determined by the procuring entity, are completed. If, after fifty percent (50%) completion, the work is

satisfactorily done and on schedule, no additional retention shall be made; otherwise, the ten percent (10%) retention shall be imposed.

- 6.2. The total "retention money" shall be due for release upon final acceptance of the works. The contractor may, however, request the substitution of the retention money for each progress billing with irrevocable standby letters of credit of from a commercial bank, bank guarantees or surety bonds callable on demand, of amounts equivalent to the retention money substituted for and acceptable to Government, provided that the project is on schedule and is satisfactorily undertaken. Otherwise, the ten percent (10%) retention shall be made. Said irrevocable standby letters of credit, bank guarantees and/or surety bonds, to be posted in favor of the Government shall be valid for a duration to be determined by the concerned implementing office/agency or procuring entity and will answer for the purpose for which the ten percent (10%) retention is intended, i.e., to cover uncorrected discovered defects and third party liabilities.

7. CONTRACT COMPLETION

Once the project reaches an accomplishment of ninety five (95%) of the total contract amount, the procuring entity may create an inspectorate team to make preliminary inspection and submit a punch-list to the contractor in preparation for the final turnover of the project. Said punch-list will contain, among others, the remaining works, work deficiencies for necessary corrections, and the specific duration/time to fully complete the project considering the approved remaining contract time. This, however, shall not preclude the procuring entity's claim for liquidated damages.

8. LIQUIDATED DAMAGES

- 8.1. Where the contractor refuses or fails to satisfactorily complete the work within the specified contract time, plus any time extension duly granted and is hereby in default under the contract, the contractor shall pay the procuring entity for liquidated damages, and not by way of penalty, an amount, as provided in the conditions of contract, equal to at least one tenth (1/10) of one (1) percent of the cost of the unperformed portion of the works for every day of delay.
- 8.2. A project or a portion thereof may be deemed usable when it starts to provide the desired benefits as certified by the targeted end-users and the concerned procuring entity.
- 8.3. To be entitled to such liquidated damages, the procuring entity does not have to prove that it has incurred actual damages. Such amount shall be deducted from any money due or which may become due the contractor under the contract and/or collect such liquidated damages from the retention money or other securities posted by the contractor whichever is convenient to the procuring entity.
- 8.4. In case that the delay in the completion of the work exceeds a time duration equivalent to ten percent (10%) of the specified contract time plus any time extension duly granted to the contractor, the procuring entity concerned may rescind the contract, forfeit the contractor's performance security and takeover the prosecution of the project or award the same to a qualified contractor through negotiated contract.

8.5. In no case however, shall the total sum of liquidated damages exceed ten percent (10%) of the total contract price, in which event the contract shall automatically be taken over by the procuring entity concerned or award the same to a qualified contractor through negotiation and the erring contractor's performance security shall be forfeited. The amount of the forfeited performance security shall be aside from the amount of the liquidated damages that the contractor shall pay the government under the provisions of this clause and impose other appropriate sanctions.

8.6. For terminated contracts where negotiation shall be undertaken, the procedures prescribed in the IRR shall be adopted.

9. SUSPENSION OF WORK

9.1. The procuring entity shall have the authority to suspend the work wholly or partly by written order for such period as may be deemed necessary, due to force majeure or any fortuitous events or for failure on the part of the contractor to correct bad conditions which are unsafe for workers or for the general public, to carry out valid orders given by the procuring entity or to perform any provisions of the contract, or due to adjustment of plans to suit field conditions as found necessary during construction. The contractor shall immediately comply with such order to suspend the work wholly or partly.

9.2. The contractor or its duly authorized representative shall have the right to suspend work operation on any or all projects/activities along the critical path of activities after fifteen (15) calendar days from date of receipt of written notice from the contractor to the district engineer/regional director/consultant or equivalent official, as the case may be, due to the following:

- a. There exist right-of-way problems which prohibit the contractor from performing work in accordance with the approved construction schedule.
- b. Requisite construction plans which must be owner-furnished are not issued to the contractor precluding any work called for by such plans.
- c. Peace and order conditions make it extremely dangerous, if not possible, to work. However, this condition must be certified in writing by the Philippine National Police (PNP) station which has responsibility over the affected area and confirmed by the Department of Interior and Local Government (DILG) Regional Director.
- d. There is failure on the part of the procuring entity to deliver government-furnished materials and equipment as stipulated in the contract.
- e. Delay in the payment of contractor's claim for progress billing beyond forty-five (45) calendar days from the time the contractor's claim has been certified to by the procuring entity's authorized representative that the documents are complete unless there are justifiable reasons thereof which shall be communicated in writing to the contractor.

9.3. In case of total suspension, or suspension of activities along the critical path, which is not due to any fault of the contractor, the elapsed time between the effective order of suspending operation and the order to resume work shall be allowed the contractor by adjusting the contract time accordingly.

10. EXTENSION OF CONTRACT TIME

- 10.1. Should the amount of additional work of any kind or other special circumstances of any kind whatsoever occur such as to fairly entitle the contractor to an extension of contract time, the procuring entity shall determine the amount of such extension; provided that the procuring entity is not bound to take into account any claim for an extension of time unless the contractor has, prior to the expiration of the contract time and within thirty (30) calendar days after such work has been commenced or after the circumstances leading to such claim have arisen, delivered to the procuring entity notices in order that it could have investigated them at that time. Failure to provide such notice shall constitute a waiver by the contractor of any claim. Upon receipt of full and detailed particulars, the procuring entity shall examine the facts and extent of the delay and shall extend the contract time completing the contract work when, in the procuring entity's opinion, the findings of facts justify an extension.
- 10.2. No extension of contract time shall be granted the contractor due to (a) ordinary unfavorable weather conditions and (b) inexcusable failure or negligence of contractor to provide the required equipment, supplies or materials.
- 10.3. Extension of contract time may be granted only when the affected activities fall within the critical path of the PERT/CPM network.
- 10.4. No extension of contract time shall be granted when the reason given to support the request for extension was already considered in the determination of the original contract time during the conduct of detailed engineering and in the preparation of the contract documents as agreed upon by the parties before contract perfection.
- 10.5. Extension of contract time shall be granted for rainy/unworkable days considered unfavorable for the prosecution of the works at the site, based on the actual conditions obtained at the site, in excess of the number of rainy/unworkable days pre-determined by the government in relation to the original contract time during the conduct of detailed engineering and in the preparation of the contract documents as agreed upon by the parties before contract perfection, and/or for equivalent period of delay due to major calamities such as exceptionally destructive typhoons, floods and earthquakes, and epidemics, and for causes such as non-delivery on time of materials, working drawings, or written information to be furnished by the procuring entity, non-acquisition of permit to enter private properties within the right-of-way resulting in complete paralyzation of construction activities, and other meritorious causes as determined by the Government's authorized Engineer and approved by the procuring entity. Shortage of construction materials, general labor strikes, and peace and order problems that disrupt construction operations through no fault of the contractor may be considered as additional grounds for extension of contract time provided they are publicly felt and certified by appropriate government agencies such as DTI, DOLE, DILG, and DND, among others. The written consent of bondsmen must be attached to any request of the contractor for extension of contract time and submitted to the procuring entity for consideration and the validity of the performance security shall be correspondingly extended.

11. ACCREDITATION OF TESTING LABORATORIES

- 11.1. To help ensure the quality of materials being used in infrastructure projects, the Bureau of Research and Standards (BRS) of the DPWH, Department of Science and

Technology (DOST), or Department of Trade and Industry (DTI) shall accredit, in accordance with industry guidelines, the testing laboratories whose services are engaged or to be engaged in infrastructure projects. All government infrastructure project owners must accept results of material test(s) coming only from DOST/BRS accredited laboratories.

12. EVALUATION OF CONTRACTORS PERFORMANCE

12.1. *Subject and Scope*

All Procuring Entities implementing government infrastructure projects are mandated to evaluate the performance of their contractors using the NEDA-Approved Constructors Performance Evaluation System (CPES) Guidelines for the type of project being implemented. These guidelines cover all infrastructure projects awarded by the government regardless of contract amount and funding source. CPES evaluation shall be done during construction and upon completion of each government project. To ensure continuous implementation of CPES, all Procuring Entities concerned are required to include in their Projects' Engineering and Administrative Overhead Cost the budget for the implementation of CPES pursuant to NEDA Board Resolution No. 18 (s. 2002).

12.2. *Evaluation Guidelines*

For project types which do not have specific CPES Guidelines, the Procuring Entities concerned may formulate and adopt their own implementing Guidelines specific to their needs provided the NEDA-INFRACOM poses no objections to their adoption, and provided further that said Guidelines are made known to all prospective bidders.

12.3. *Implementation Mechanism for CPES*

All Procuring Entities implementing infrastructure projects are required to establish CPES Implementing Units (IUs) in their respective offices/agencies/corporations. The CPES Implementing Units shall be responsible for the implementation of the CPES Implementing guidelines, including but not limited to, the supervision of Constructors Performance Evaluators (CPEs) to be accredited by the Construction Industry Authority of the Philippines (CIAP). The procuring entity's CPES IU shall be responsible for the following: a) pre-screening of applications of CPEs, b) funding for CPEs accreditation training and seminars; and c) yearly evaluation of CPEs.

12.4. *Submission and Dissemination of Evaluation Results*

All Procuring Entities implementing CPES shall submit the results of their performance evaluation to the CIAP on a monthly basis or as often as necessary. The procuring entity's CPES-IU shall likewise develop and maintain a databank and disseminate the CPES reports to the concerned units/departments within the procuring entity and to other interested users.

12.5. *Utilization of Evaluation Results*

The CIAP shall consolidate all of the CPES evaluation results received and shall disseminate the same to all Procuring Entities concerned. The CPES rating and other information shall be used by the concerned government agencies for the following purposes: (a) pre qualification/eligibility screening of constructors; (b) awarding of

contracts; (c) project monitoring and control; (d) issuance of Certificate of Completion; (e) policy formulation/review; (f) industry planning; (g) granting of Incentives/Awards, and, in adopting measure to further improve performance of contractors in the prosecution of government projects.

13. OTHER RULES AND GUIDELINES

The rules and regulations for the other aspects of contract implementation shall be included in the manuals to be issued by the GPPB, such as, but not limited to, the following:

- a) Sub-contracting;
- b) Interference with Traffic and Adjoining Properties;
- c) Clearance of Project Site of Obstruction;
- d) Inspection and Testing;
- e) Daywork;
- f) Measurement of Works; and
- g) Other Implementation Aspects.

ANNEX "F"
**CONTRACT IMPLEMENTATION GUIDELINES FOR THE PROCUREMENT
OF CONSULTING SERVICES**

1. Advance Payment for Mobilization

The Government, as it considers fair and reasonable, may allow advance payment to the Consultant in the amount which shall not exceed fifteen percent (15%) of the contract amount to cover the cost of mobilization, subject to the posting of an irrevocable standby letter of credit issued by an entity acceptable to the agency and of an amount equal to the advance payment. The advance payment shall be repaid by the Consultant by deducting from his progress payments such sum as agreed upon during the contract negotiations until fully liquidated within the duration of the contract.

2. Cost of Consulting Services

All Consultancy contracts shall be fixed price contracts. Any extension of contract time shall not involve any additional cost.

3. Other Rules and Guidelines

The rules and regulations for the other aspects of contract implementation shall be included in the manuals to be issued by the GPPB.

ANNEX "G"
**GUIDELINES FOR THE PROCUREMENT AND IMPLEMENTATION OF
CONTRACTS FOR DESIGN AND BUILD INFRASTRUCTURE PROJECTS**

1. SCOPE AND APPLICATION

These guidelines shall govern the procurement and implementation of contracts for design and build infrastructure projects and shall supplement applicable provisions of Republic Act No. 9184 (RA 9184) and its Revised Implementing Rules and Regulations (IRR) in particular Section 17.6 and Annex E.

2. PURPOSE

These guidelines are formulated to determine the conditions for the use of the design and build scheme for infrastructure projects and the procedures for the implementation thereof.

3. GUIDING PRINCIPLES

The procuring entity, prior to resorting to the design and build scheme, should consider the following advantages and disadvantages of said scheme:

3.1. Advantages:

- a) Since both design and construction are in the hands of the contractor, there is a single point of responsibility for quality, cost, and schedule adherence, including the risks related to design. This precludes buck-passing and finger-pointing between the designer and the builder.
- b) Because design and construction periods can overlap, the total design and construction time, as well as the final project cost, will be significantly reduced.
- c) The procuring entity is assured of quality considering that the larger responsibility implicit in the design-build scheme serves as motivation for high quality of the facility to be provided. Once the requirements of the procuring entity are defined in performance terms, the designer-builder is responsible for producing the results accordingly. The designer-builder warrants to the procuring entity that the design documents are complete and free from error.
- d) The procuring entity does not need to spend much time and money in seeing to it that the work is done by the contractor exactly as indicated by the design documents prepared by the designer, and in coordinating and arbitrating between separate design and construction contracts.

3.2. Disadvantages:

- a) Procuring Entities should, however, take into account that in utilizing the design and build scheme for a particular project, contractors are

given too much discretion in determining the project cost and there is difficulty in predicting its final cost until the actual commencement of construction. This, however, can be addressed by prescribing that the bid/contract price should not exceed the Approved Budget for Contract (ABC) of the procuring entity and that the contract price is a fixed lump sum amount.

- b) Considering that the extent of the integration of design and construction of the project is exceptionally dependent on the contractor, there may be cases when the end-result may not be exactly in accordance with what the procuring entity has required. These cases can be avoided if the procuring entity adequately defines the output or performance specifications and parameters.

4. DEFINITION OF TERMS

- a. **Approved Budget for the Contract (ABC).** This shall be a lump sum amount that shall cover the cost of design and construction works (*at the option of the procuring entity*) based on the conceptual design and performance specifications and in accordance with applicable provisions of the law or agency guidelines. The ABC shall be calculated based on either the approximate quantities of work of the conceptual design, from standardized designs or from cost records of previous projects of similar kind.
- b. **Bidding Documents for Design and Build Scheme.** These shall basically be similar to the Bidding Documents for infrastructure projects and shall also include the performance specifications and parameters to be followed by the design and build contractors and the method for allocation of risks for the design and build contract, among others.

11. BID EVALUATION

For the detailed evaluation of the design and build proposals a two-step procedure shall be adopted by the BAC, which may be undertaken with the assistance of the DBC.

11.1. First-Step Procedure:

- i. The first step of the evaluation shall involve the review of the preliminary conceptual designs and track record submitted by the contractor as indicated in the Bidding Documents using a non-discretionary "pass/fail" criteria that involve compliance with the following requirements:
 - a. Adherence of preliminary design plans to the required performance specifications and parameters and degree of details;
 - b. Concept of approach and methodology for detailed engineering, design and construction with emphasis on the clarity, feasibility, innovativeness and comprehensiveness of the plan approach, and the quality of interpretation of project problems, risks, and suggested solutions;
 - c. Quality of personnel to be assigned to the project which covers suitability of key staff to perform the duties of the particular assignments and general qualifications and competence including education and training of the key staff;
- ii. For complex or unique undertakings, such as those involving highly specialized or advanced engineering technology, eligible bidders may be required, at the option of the agency concerned, to make an oral presentation within fifteen (15) calendar days after the deadline for submission of technical proposals.

11.2. Second-Step Procedure:

Only those bids that passed the above criteria shall be subjected to the second step of evaluation.

The BAC shall open the financial proposal of each "passed" bidder and shall evaluate it using non-discretionary criteria - including arithmetical corrections for computational errors - as stated in the Bidding Documents, and thus determine the correct total calculated bid prices. The BAC shall automatically disqualify any total calculated bid price which exceeds the ABC. The total calculated bid prices (not exceeding the ABC) shall be ranked, in ascending order, from lowest to highest. The bid with the lowest total calculated bid price shall be identified as the Lowest Calculated Bid (LCB).

12. POST-QUALIFICATION and AWARD OF THE CONTRACT

- 12.1. The LCB shall be subject to post-qualification in accordance with Section 34, Rule X of this IRR to determine its responsiveness to the eligibility and bid

requirements. If after post-qualification the Lowest Calculated Bid is determined to be post-qualified it shall be considered the Lowest Calculated and Responsive Bid (LCRB) and the contract shall be awarded to the bidder. In case of post-disqualification of the LCB, the procedure under Section 34 shall also be followed.

- 12.2. The Head of the Procuring Entity shall approve or disapprove the recommendations of the BAC within a period not exceeding seven (7) calendar days from the determination and declaration by the BAC of the LCRB.
- 12.3. The Head of the Procuring Entity concerned shall award the contract to the said bidder pursuant to the provisions of Section 37, Rule XI of this IRR.

13. CONTRACT IMPLEMENTATION

As a rule, contract implementation guidelines for the procurement of infrastructure projects shall comply with Annex "E" of this IRR. The following provisions shall supplement these procedures:

- 13.1. No works shall commence unless the contractor has submitted the required documentary requirements and the procuring entity has given written approval. Work execution shall be in accordance with reviewed and approved documents.
- 13.2. - 13.3. The Contractor shall submit a detailed program of work within fourteen (14) calendar days after the issuance of the Notice to Proceed for approval by the procuring entity that shall include, among others:
 - i. The order in which it intends to carry out the work including anticipated timing for each stage of design/detailed engineering and construction;
 - ii. Periods for review of specific outputs and any other submissions and approvals;
 - iii. Sequence of timing for inspections and tests as specified in the contract documents;
 - iv. General description of the design and construction methods to be adopted;
 - v. Number and names of personnel to be assigned for each stage of the work;
 - vi. List of equipment required on site for each major stage of the work; and

- vii. Description of the quality control system to be utilized for the project.
- 13.4. Any errors, omissions, inconsistencies, inadequacies or failure submitted by the contractor that do not comply with the requirements shall be rectified, resubmitted and reviewed at the contractor's cost. If the Contractor wishes to modify any design or document which has been previously submitted, reviewed and approved, the contractor shall notify the procuring entity within a reasonable period of time and shall shoulder the cost of such changes.
- 13.5. As a rule, changes in design and construction requirements shall be limited only to those that have not been anticipated in the contract documents prior to contract signing and approval. The following guidelines shall govern approval for change or variation orders:
- i. Change Orders resulting from design errors, omissions or non-conformance with the performance specifications and parameters and the contract documents by the contractor shall be implemented by the contractor at no additional cost to the procuring entity.
 - ii. Provided that the contractor suffers delay and/or incurs costs due to changes or errors in the procuring entity's performance specifications and parameters, he shall be entitled to either one of the following:
 - a. an extension of time for any such delays under Section 10 of Annex "E"; or
 - b. payment for such costs as specified in the contract documents, provided, that the cumulative amount of the variation order does not exceed ten percent (10%) of the original contract price.
- 13.6. The contract documents shall include the manner and schedule of payment specifying the estimated contract amount and installments in which the contract price will be paid.
- 13.7. The contractor shall be entitled to advance payment subject to the provisions of Section 4 of Annex "E".
- 13.8. The procuring entity shall define the quality control procedures for the design and construction in accordance with agency guidelines and shall issue the proper certificates of acceptance for sections of the works or the whole of the works as provided for in the contract documents.
- 13.9. The contractor shall provide all necessary equipment, personnel, instruments, documents and others to carry out specified tests.
- 13.10. All design and build projects shall have a minimum Defects Liability Period of one (1) year after contract completion or as provided for in the contract documents. This is without prejudice, however, to the liabilities imposed upon the engineer/architect who drew up the plans and specification for a building sanctioned under Section 1723 of the New Civil Code of the Philippines.

13.11. The contractor shall be held liable for design and structural defects and/or failure of the completed project within the warranty periods specified in Section 62.2.3.2⁷⁹ of the IRR.

14. AMENDMENTS AND FORMS

In the implementation of these guidelines, the GPPB may issue additional guidelines or introduce modifications thereto through the amendment of its specific provisions as the need arises, as well as, formulate, approve and disseminate standard Bidding Documents, forms and evaluation documents, whenever necessary.

 - (iii) In case of variation orders involving work items exactly the same or similar to those in the original contract, the applicable price indices for said work items prevailing on the date of bid opening of the original contract shall be used.
 - (iv) In case of variation orders involving new work items, the applicable price indices for said new work items prevailing on the date the variation order was approved shall be used.

- b. Ten Percent (10%) Increase. If there are no available historical data for the appropriate price indices such that Section 5.2.2 (a) above becomes inapplicable, the request for price escalation of an item, good or component shall be reviewed pursuant to this section wherein the subject applicable price index of a request should have registered an increase of more than ten percent (10%), as determined from the prevailing price index on the date of bid opening.

In case there are no applicable price indices for the item, good, or component, the applicable general wholesale price index shall be used.

- 5.2.3. Detailed Technical Parameters/Applicable Price Indices for Goods. The detailed computation and validation of price escalation for goods as described in Section 5.2.2 above shall use the most appropriate price index of the commodity group under the three types of price indices, WPI, CPI, and PPI; Provided that, based on availability and applicability, the WPI for the commodity group shall first be utilized, followed by the CPI, and lastly the PPI. The indices for commodity groups shall be those presented under Annex A, as classified and issued by the National Statistics Office (NSO). For an item, good or component wherein the prevailing price index cannot be established, the review shall be conducted utilizing the most relevant and applicable index.

- 5.2.4. Detailed Technical Parameters/Applicable Price Indices for Infrastructure Projects. The detailed computation and validation of price escalation for infrastructure projects as described in Section 5.2.2 above shall use the fluctuation factor K representing the increase or decrease of the value of an item as a result of price fluctuation.

- a. The value K varies for each item of work and is represented by the following:

$$K = a + b (X_i/X_o) + c (Y_i/Y_o) + d (Z_i/Z_o) + \dots n (N_i/N_o)$$

Where:

a = is a 0.15 fixed coefficient representing contractor's profit, and other non-adjustable items.

b, c, d, ... n = are the coefficients representing the proportionate value of each pay item to the total. $b + c + d \dots + n = 0.85$.

$X_i, Y_i, Z_i, \dots N_i$ = are variables representing the current price indices of the cost of labor, materials and other components of the contract during the period under consideration at the time of the request for price escalation, based

on the original or duly approved revised schedule of contract implementation, subject to Section 8 hereof.

$X_o, Y_o, Z_o, \dots N_o$ = are variables representing the current price indices of the cost of labor, materials and other components of the contract on the date of bid opening or approval of variation order.

The sum of $a + b + x + \dots n$ must be equal to 1 (100%)

b. The fluctuation factor and its application in the parametric formula shall include, among others, those listed in Annex B.

5.3. Amount of Price Escalation to be Granted. After this determination, the amount of escalation to be granted in the case of goods should only be the remaining amount over and above the thresholds as computed under Sections 5.2.2 (a) or 5.2.2 (b) hereof. In the case of infrastructure projects, the amount to be granted shall be determined based on the following:

Where $K > 1.05$, $P = P_o (K - 0.05)$

Where $0.95 \leq K \leq 1.05$, $P = P_o$

Where $K < 0.95$, $P = P_o (K + 0.05)$

Where P - escalated bid/unit price
 P_o - original bid/unit price
 K - fluctuation factor

5.4. Period and Frequency of Requests for Price Escalation. Requests for price escalation shall only be made for cost items already incurred by the contractor/supplier, as supported by official receipts, sales invoices, or other documentary evidence. No request for price escalation shall be made for prospective application. Further, price escalation shall only be granted to those items included in a specific request; Provided further, that requests for price escalation shall be made not less than six (6) months reckoned from the date of the effectivity of the contract, and not less than six (6)-month period thereafter, except for price escalation being requested at the completion of the contract.

5.5. Misrepresentation. Any misrepresentation made by the procuring entity or the contractor/supplier in any stage of the processing of a particular request for price escalation shall cause the automatic denial/disapproval of said claim.

5.6. Recommendation/Approval. Pursuant to Section 61.3 of the IRR⁸² of R.A. 9184, the burden of proving the occurrence of extraordinary circumstances that will allow for price escalation shall rest with the procuring entity requesting for such escalation. NEDA shall only respond to such request after receiving the necessary proof and documentation. Upon completion of its review pursuant to Section 5.2 hereof, NEDA shall submit its recommendations to the GPPB for appropriate action. The GPPB shall then

⁸² *Ibid.*

approve/act upon the request for price escalation during one of its meetings, to be attended by the head of the procuring entity concerned or his duly authorized representative/s.

6. REVIEW OF CONTRACT PRICES AFTER COMPLETION OF THE CONTRACT

Upon completion of the contract, the procuring entity shall calculate the amount of price escalation supposedly due the contractor/supplier/consultant to consider likewise any downward movement in prices during the entire contract implementation period. If the resulting amount of price escalation is lower than the amount of price escalation already paid, the amount of overpayment shall be deducted by the procuring entity from the retention money, in case of infrastructure projects, or the warranty security, in case of goods, on or before its expiration.

7. AUTHORITY TO APPROVE CONTRACT PRICE ESCALATION

- 7.1. The head of the procuring entity shall not pay any contract price escalation until after the GPPB has approved the claim.
- 7.2. The approval by the GPPB of the request for contract price escalation shall in no way be construed as an approval or validation of any irregularity committed by the requesting entity during the procurement process.

8. OTHER CONDITIONS FOR APPROVAL

- 8.1. In case the project is behind schedule based on the approved Project Evaluation Review Technique/Critical Path Method (PERT/CPM) network or schedule, price escalation on the portion of work that should have been, but was not, actually accomplished within the period shall be based on the applicable price index for the period in which it should have been accomplished. Payment of the computed amount shall not be made until said unaccomplished portion of the work is completed and upon prior approval of the GPPB and the head of the procuring entity.
- 8.2. Where advance payment has been made, no price escalation shall be granted for the following:
 - a. That portion of work accomplished during the period corresponding to a value equal to the amount of recoupment of advance payment; and
 - b. The amount of materials for which advance payment was made.

9. AMENDMENT AND ADDENDA

The GPPB may amend these Guidelines as may be necessary. Nevertheless, the GPPB may formulate supplemental guidelines in the form of addenda or annexes for the review process as stipulated in Section 5.2 hereof without need of amending these Guidelines.

10. TRANSITORY CLAUSE

- 10.1. Claims for price escalation for contracts completed after the effectivity of these Guidelines shall be filed within two (2) years from completion of the

contract concerned.

- 10.2. Claims for price escalation for contracts the Invitation to Apply for Eligibility and to Bid (IAEB) for which were issued after the effectivity of R.A. 9184 and completed before the effectivity of these Guidelines shall be filed not later than two (2) years from the date of effectivity of these Guidelines.
- 10.3. The thirty (30) – month historical data prescribed in computing for two (2) standard deviations as provided in Section 5.2.2.a shall apply to price escalation claims for contracts the IAEB for which were issued after the effectivity of these Guidelines.

11. EFFECTIVITY CLAUSE

These Guidelines or any amendments thereof shall take effect immediately after publication in the Official Gazette or a newspaper of general nationwide circulation and upon filing with the University of the Philippines Law Center of three (3) certified copies of these Guidelines.⁸³

ANNEX C. SAMPLE COMPUTATION FOR CONTRACT PRICE ESCALATION

I. FACTS

1. There is legal basis to claim for price escalation in accordance with Section 4 of these Guidelines.
2. The work item identified to have been affected by the extraordinary circumstance is Reinforcing Steel Bars or K19 of Annex B of these Guidelines.

$$K19 = 0.15 + 0.06 (L_i/L_o) + 0.67 (R_i/R_o) + 0.04 (F_i/F_o) + 0.08 (E_i/E_o)$$

Where

- L ~ refers to labor index
- R ~ refers to reinforcing steel bars wholesale price index
- F ~ refers to automotive fuel price index
- E ~ refers to equipment price index
- i ~ refers to the value of the index for the month under consideration
- o ~ refers to the value of the index during opening of bid

3. The date of bid opening for the subject contract was December 2007 and the contract was implemented starting January 2008.
4. The six (6) – month period under consideration for contract price escalation is from January to June 2008.
5. The thirty (30) – month historical data for the components of K19 necessary for testing compliance with the Technical Parameters under Section 5.2.2 of these Guidelines is from July 2005 to December 2007 (*Please refer to Table 1 of this Annex for the relevant price indices provided under Annex B of these Guidelines*).

II. COMPUTATION FOR GRANT OF PRICE ESCALATION

The following steps illustrate how to determine whether request for price escalation may be granted using the 2 Standard Deviation (STDEV) rule under Section 5.2.2.a:

1. Compute the Mean for each component of K19 using the data in Table 1 for the entire thirty (30) month period (July 2005 to December 2007).

Table 1: Computation for the Mean

K19 Component	Formula for Mean	Mean
Labor (L)	$\frac{\Sigma L \text{ from Jul05 to Dec07}}{30}$	343.7
Reinforcing Steel (R)	$\frac{\Sigma R \text{ from Jul05 to Dec07}}{30}$	524.7
Automotive Fuel (F)	$\frac{\Sigma F \text{ from Jul05 to Dec07}}{30}$	536.9
Equipment (E)	$\frac{\Sigma E \text{ from Jul05 to Dec07}}{30}$	321.4

2. Compute the 2 STDEV above Mean ($2\sigma + \mu$) of each K19 component by adding the Mean computed under Step 1 to the 2 STDEV. The 2 STDEV is computed by getting the

STDEV of the thirty (30) – month historical data of each K19 component and multiplying it by 2.⁸⁴

Table 2: Computation for the 2 STDEV above Mean

K19 Component	STDEV [STDEV (Jul05 to Dec07)]	2 STDEV [(STDEV) * 2]	2σ+μ [2 STDEV + Mean]
Labor (L)	14.1	28.2	371.87
Reinforcing Steel (R)	19.2	38.4	563.02
Automotive Fuel (F)	32.3	64.6	501.50
Equipment (E)	10.5	20.9	342.31

3. Establish the K19 Threshold by substituting the values of the 2 STDEV above Mean computed in Step 2 into the K19 work item formula as follows:

$$\begin{aligned}
 \text{K19 Threshold} &= 0.15 + 0.06 (2\sigma+\mu)_L + 0.67 (2\sigma+\mu)_R + 0.04 (2\sigma+\mu)_F + 0.08 (2\sigma+\mu)_E \\
 &= 0.15 + 0.06 (\mathbf{371.87}) + 0.67 (\mathbf{563.02}) + 0.04 (501.50) + 0.08 (\mathbf{342.31}) \\
 &= \mathbf{447.13}
 \end{aligned}$$

4. Compute the Average Value of each price index for the six (6) – month period (January to June 2008) under consideration for contract price escalation. (Please refer to Table 1 of this Annex)

Table 3: Computation for Average Value of Price Index (Jan to Jun 2008)

K19 Component	Average Value
Labor (L)	364.8
Reinforcing Steel (R)	625.1
Automotive Fuel (F)	542.1
Equipment (E)	328.7

5. Establish K19 Average by computing the six (6) – month Average Value of the work item for the period under consideration for price escalation (January to June 2008) as follows:

$$\begin{aligned}
 \text{K19 Average} &= 0.15 + 0.06 (\text{Ave. Value})_L + 0.67 (\text{Ave. Value})_R + 0.04 (\text{Ave. Value})_F + 0.08 (\text{Ave. Value})_E \\
 &= 0.15 + 0.06 (\mathbf{364.8}) + 0.67 (\mathbf{625.1}) + 0.04 (\mathbf{542.1}) + 0.08 (\mathbf{328.7}) \\
 &= \mathbf{488.8}
 \end{aligned}$$

⁸⁴ Computation of the STDEV is easily done using spreadsheet applications such as Apple Numbers, Microsoft Excel, and OpenOffice.org Calc.

6. To determine whether request for price escalation may be granted, the K19 Average should be compared to the K19 Threshold. If K19 Average is greater than K19 Threshold, price escalation may be granted; otherwise, the request for price escalation should be denied.
7. In the above example, K19 Average is greater than K19 Threshold. Therefore, price escalation may be granted for the period of January to June 2008.

III. COMPUTATION FOR AMOUNT OF PRICE ESCALATION

After determining that price escalation may be granted for the period under consideration, the computation for the amount to be granted is done for each month of said period.

1. Compute the Monthly Rates of Increase for the period under consideration (January to June 2008) in accordance with Section 5.2.4.a of these Guidelines as follows:

$$\begin{aligned}
 \text{K19 June} &= 0.15 + 0.06 (L_i/L_o) + 0.67 (R_i/R_o) + 0.04 (F_i/F_o) + 0.08 (E_i/E_o) \\
 &= 0.15 + 0.06 (1.05) + 0.67 (1.31) + 0.04 (1.25) + 0.08 (1.12) \\
 &= \mathbf{1.23}
 \end{aligned}$$

$$\begin{aligned}
 \text{K19 May} &= 0.15 + 0.06 (L_i/L_o) + 0.67 (R_i/R_o) + 0.04 (F_i/F_o) + 0.08 (E_i/E_o) \\
 &= 0.15 + 0.06 (1.00) + 0.67 (1.16) + 0.04 (1.11) + 0.08 (1.12) \\
 &= \mathbf{1.12}
 \end{aligned}$$

$$\begin{aligned}
 \text{K19 April} &= 0.15 + 0.06 (L_i/L_o) + 0.67 (R_i/R_o) + 0.04 (F_i/F_o) + 0.08 (E_i/E_o) \\
 &= 0.15 + 0.06 (1.00) + 0.67 (1.10) + 0.04 (1.04) + 0.08 (1.12) \\
 &= \mathbf{1.08}
 \end{aligned}$$

$$\begin{aligned}
 \text{K19 Mar} &= 0.15 + 0.06 (L_i/L_o) + 0.67 (R_i/R_o) + 0.04 (F_i/F_o) + 0.08 (E_i/E_o) \\
 &= 0.15 + 0.06 (1.00) + 0.67 (1.05) + 0.04 (1.01) + 0.08 (1.12) \\
 &= \mathbf{1.04}
 \end{aligned}$$

$$\begin{aligned}
 \text{K19 Feb} &= 0.15 + 0.06 (L_i/L_o) + 0.67 (R_i/R_o) + 0.04 (F_i/F_o) + 0.08 (E_i/E_o) \\
 &= 0.15 + 0.06 (1.00) + 0.67 (1.03) + 0.04 (0.98) + 0.08 (1.12) \\
 &= \mathbf{1.03}
 \end{aligned}$$

$$\begin{aligned}
 \text{K19 Jan} &= 0.15 + 0.06 (L_i/L_o) + 0.67 (R_i/R_o) + 0.04 (F_i/F_o) + 0.08 (E_i/E_o) \\
 &= 0.15 + 0.06 (1.00) + 0.67 (1.03) + 0.04 (1.00) + 0.08 (1.12) \\
 &= \mathbf{1.03}
 \end{aligned}$$

2. Compute the Percentage Rate of Increase for the work item for each month of the period under consideration in accordance with Section 5.3 as follows:

$$\begin{aligned}
 P_{\text{June}} &= P_o (1.23 - 0.05) \\
 &= \mathbf{P_o (1.18)}
 \end{aligned}$$

$$\begin{aligned}
 P_{\text{May}} &= P_o (1.12 - 0.05) \\
 &= \mathbf{P_o (1.07)}
 \end{aligned}$$

$$P_{\text{April}} = P_o (1.08 - 0.05)$$

$$= \mathbf{P_o (1.03)}$$

$$P_{\text{Mar}} = \mathbf{P_o}$$

$$P_{\text{Feb}} = \mathbf{P_o}$$

$$P_{\text{Jan}} = \mathbf{P_o}$$

This shows that the Escalated Value of the work item for the months of June, May, and April is 18%, 7%, and 3%, respectively, higher than the original value of the work item.

3. Compute the Escalated Value to be granted for the work item by applying the Percentage Rate of Increase for each month to the monthly billing, which should be supported by official receipts, sales invoices, and other acceptable documentary evidence, as follows:

Table 4: Computation for the Escalated Value

Month	Percentage Rate of Increase	Monthly Billing	Escalated Value
January	0	P1 Million	0
February	0	P1 Million	0
March	0	P1 Million	0
April	3	P1 Million	P30,000
May	7	P1 Million	P70,000
June	18	P1 Million	P180,000

A joint venture or consortium which is blacklisted or which has blacklisted member/s and/or partner/s as well as a person/entity who is a member of a blacklisted joint venture or consortium are, likewise, not allowed to participate in any government procurement during the period of disqualification.

In the case of corporations, a single stockholder, together with his/her relatives up to the third civil degree of consanguinity or affinity, and their assignees, holding at least twenty percent (20%) of the shares therein, its chairman and president, shall be blacklisted after they have been determined to hold the same controlling interest in a previously blacklisted corporation or in two corporations which have been blacklisted; the corporations of which they are part shall also be blacklisted.

3. DEFINITION OF TERMS

Department level agencies shall exercise appellate authority over offices, agencies, bureaus, government units, GOCCs and SUCs under their jurisdiction. *Provided, further,* that blacklisting decisions of government agencies that are not subject to general and/or administrative supervision/control of any department, office or government unit shall be final and executory.

⁸⁵ As amended by GPPB Resolution 03-2011, dated 28 January 2011, published in the Manila Times on 6 April 2011.

- 3.2 **Award.** A written notice from the procuring entity accepting a bid or proposal.
- 3.3 **Blacklisting.** An administrative penalty disqualifying a person or an entity from participating in any government procurement for a given period.
- 3.4 **Suspension.** The administrative penalty imposed for infractions committed by a contractor during the competitive bidding stage, whereby such contractor is prohibited from further participation in the bidding process of an agency.

- 3.8 **Delist.** Removal of a person/entity from the Consolidated Blacklisting Report.
- 3.9 **Blacklisted Person/Entity.** A person/entity who was disqualified by an agency and/or is included in the GPPB Consolidated Blacklisting Report.

4. SANCTIONS AND GROUNDS FOR BLACKLISTING

4.1 *Competitive Bidding Stage*

During the competitive bidding stage, pursuant to Section 69 of R.A. 9184, the procuring entity shall impose on bidders or prospective bidders the penalty of suspension for one (1) year for the first offense, suspension for two (2) years for the second offense from participating in the public bidding process, without prejudice to the imposition of additional administrative sanctions as the internal rules of the agency may provide and/or further criminal prosecution, as provided by applicable laws, for the following violations:

1. Submission of eligibility requirements containing false information or falsified documents.
2. Submission of Bids that contain false information or falsified documents, or the concealment of such information in the Bids in order to influence the outcome of eligibility screening or any other stage of the public bidding.
3. Allowing the use of one's name⁸⁷, or using the name of the name of another for purpose of public bidding.
4. Withdrawal of a bid, or refusal to accept an award, or enter into contract with

⁸⁶ *Ibid.*

⁸⁷ *Ibid.*

the government without justifiable cause, after he had been adjudged as having submitted the Lowest Calculated Responsive Bid or Highest Rated Responsive Bid.

5. Refusal or failure to post the required performance security within the prescribed time.
6. Refusal to clarify or validate in writing its Bid during post qualification within a period of seven (7) calendar days from receipt of the request for clarification.
7. Any documented unsolicited attempt by a bidder to unduly influence the outcome of the bidding in his favor.
8. All other acts that tend to defeat the purpose of the competitive bidding, such as habitually withdrawing from bidding or submitting late bids or patently insufficient bids⁸⁸, for at least three (3) times within a year, except for valid reasons.

In addition to the penalty of suspension, the bid security posted by the concerned bidder or prospective bidder shall also be forfeited.

4.2 *Contract Implementation Stage*

Pursuant to Section 69 (6) of R.A. 9184 and without prejudice to the imposition of additional administrative sanctions as the internal rules of the agency may provide and/or further criminal prosecution as provided by applicable laws, the procuring entity shall impose on contractors after the termination of the contract the penalty of suspension for one (1) year for the first offense, suspension for two (2) years for the second offense from participating in the public bidding process, for violations committed during the contract implementation stage, which include but not limited to the following:

- a) Failure of the contractor, due solely to his fault or negligence, to mobilize and start work or performance within the specified period in the Notice to Proceed ("NTP");
- b) Failure by the contractor to fully and faithfully comply with its contractual obligations without valid cause, or failure by the contractor to comply with any written lawful instruction of the procuring entity or its representative(s) pursuant to the implementation of the contract. For the procurement of infrastructure projects or consultancy contracts, lawful instructions include but are not limited to the following:
 - i. Employment of competent technical personnel, competent engineers and/or work supervisors;
 - ii. Provision of warning signs and barricades in accordance with approved plans and specifications and contract provisions;
 - iii. Stockpiling in proper places of all materials and removal from the

⁸⁸ *Ibid.*

- project site of waste and excess materials, including broken pavement and excavated debris in accordance with approved plans and specifications and contract provisions;
- iv. Deployment of committed equipment, facilities, support staff and manpower; and
 - v. Renewal of the effectivity dates of the performance security after its expiration during the course of contract implementation.
- c) Assignment and subcontracting of the contract or any part thereof or substitution of key personnel named in the proposal without prior written approval by the procuring entity.
- d) For the procurement of goods, unsatisfactory progress in the delivery of the goods by the manufacturer, supplier or distributor arising from his fault or negligence and/or unsatisfactory or inferior quality of goods, as may be provided in the contract;
- e) For the procurement of consulting services, poor performance by the consultant of his services arising from his fault or negligence. Any of the following acts by the consultant shall be construed as poor performance:
- i. Defective design resulting in substantial corrective works in design and/or construction;
 - ii. Failure to deliver critical outputs due to consultant's fault or negligence; and
 - iii. Specifying materials which are inappropriate, substandard, or way above acceptable standards.
 - iv. Allowing defective workmanship or works by the contractor being supervised by the consultant.
- f) For the procurement of infrastructure projects, poor performance by the contractor or unsatisfactory quality and/or progress of work arising from his fault or negligence as reflected in the Constructor's Performance Evaluation System ("CPES") rating sheet. In the absence of the CPES rating sheet, the existing performance monitoring system of the procuring entity shall be applied. Any of the following acts by the constructor shall be construed as poor performance:
- i. Negative slippage of 15% and above within the critical path of the project due entirely to the fault or negligence of the contractor; and
 - ii. Quality of materials and workmanship not complying with the approved specifications arising from the contractor's fault or negligence.
- g) Willful or deliberate abandonment or non-performance of the project or contract by the contractor resulting to substantial breach thereof without lawful and/or just cause.

In addition to the penalty of suspension, the performance security posted by the contractor shall also be forfeited.

5. PROCEDURE FOR SUSPENSION AND BLACKLISTING DURING THE COMPETITIVE BIDDING STAGE

5.1 Initiation of Action

Any bidder/prospective bidder or duly authorized observer may initiate the suspension and blacklisting proceedings by filing a written complaint with the Bids and Awards Committee ("BAC"). The BAC may also *motu proprio* (by itself) commence the proceedings upon *prima facie* (self-sufficient) determination that the contractor as a bidder or prospective bidder has committed any of the grounds for blacklisting during the competitive bidding stage.

At the option of the procuring entities, a reasonable fee may be required for initiating the suspension and blacklisting proceedings.

5.2 Notification

Upon verification of the existence of grounds for blacklisting, the BAC shall immediately notify the contractor concerned in writing, advising him that:

- a) a complaint for suspension and blacklisting has been filed against him, or he has been considered by the BAC for suspension and blacklisting, stating the grounds for such;
- b) he has the opportunity to show cause why he should not be suspended and blacklisted;
- c) a hearing shall be conducted before the BAC, upon his request, where he may present documentary evidence, verbal testimony and cross-examine the witnesses presented against him; and
- d) the consequences of being suspended and blacklisted.

Within five (5) calendar days from receipt of notification, the contractor shall submit its written answer with documentary evidence to the BAC with a manifestation for request of hearing to determine questions of fact, if he so desires. No time extension shall be allowed.

Should the contractor fail to answer within the same period, the BAC shall issue a resolution recommending to the Head of the Procuring Entity the immediate suspension of the contractor from participating in any bidding process of the agency and the forfeiture of his bid security.

5.3 Hearings

If a hearing is requested, the BAC shall immediately set the date and time for hearing. The hearing shall be non-litigious and shall be terminated within five (5) days.

The BAC may also invite a representative from a duly recognized private group in a sector or discipline relevant to the procurement at hand as an observer for each hearing.

If no request is made, the BAC shall make a determination of the case based on the complaint, answer, documentary evidence submitted and facts verified. If the BAC is convinced that the contractor is at fault, it shall issue a resolution recommending to the head of the agency the suspension of the contractor from participating in any bidding process of the agency and the forfeiture of his bid security.

5.4 *Decision*

The Head of the Procuring Entity shall, within fifteen (15) days from receipt of the resolution and the records of the BAC proceedings, determine whether reasonable cause exists for the suspension of the contractor and the forfeiture of the latter's bid security. If the Head of the Procuring Entity determines that such reasonable cause exists, he shall issue a decision suspending the contractor from participating in any bidding process of the agency, and further declaring that his bid security is forfeited. Otherwise, he shall dismiss the case.

The decision shall clearly and distinctly state the facts, evidence and the law on which it is based, as well as the date of effectivity of the penalty, if any.

The Head of the Procuring Entity may delegate to the BAC the authority to impose the corresponding sanction(s) provided for in these guidelines.

In case a contractor commits more than one offense or a combination of offenses for the same project/contract in a particular agency, each violation shall be meted the corresponding penalty.

5.5 *Notice of Decision*

The Head of the Procuring Entity shall furnish the suspended contractor a copy of the decision immediately from its promulgation.

5.6 *Effect of Decision*

A contractor is suspended upon receipt of the notice of decision prohibiting him from participating in the bidding process of the agency. The suspension shall remain in effect during the period of motion for reconsideration and protest and shall terminate only upon a reversal of the decision by the Head of the Procuring Entity or appellate authority.

If no motion for reconsideration or protest is filed, the decision shall become final and executory after the lapse of seven (7) calendar days from the receipt of the notice of decision. Thereafter, the Head of Procuring Entity shall issue a Blacklisting Order disqualifying the erring contractor from participating in the bidding of all government projects.

5.7 *Motion for Reconsideration*

A Motion for Reconsideration may be filed by the suspended person/entity within three (3) calendar days from receipt of the notice of decision and shall be for either or both of the following causes, provided that only one (1) Motion for Reconsideration shall be filed with the blacklisting agency:

- a) The decision is not in conformity with the evidence and/or facts presented; and
- b) Newly discovered evidence or facts which not be discovered and produced at the investigation and which when presented would probably alter the result of the investigation.

The Head of the Procuring Entity shall resolve with finality the motion for reconsideration within seven (7) calendar days from the filing thereof and furnish suspended contractor a copy of the resolution immediately from its promulgation.⁸⁹

5.8 *Protest from Decision*

A protest may be filed under Section 55.3 of the IRR⁹⁰ of R.A. 9184 by the suspended contractor with the appellate authority within seven (7) calendar days from receipt of the resolution of the BAC denying its request for reconsideration.

5.9 *Finality of Decision*

The decision of the agency shall become final and executory after the lapse of seven (7) calendar days from the receipt of the notice of decision or resolution on the motion for reconsideration. If a protest is filed, the affirmed, modified or reversed decision shall become final and executory upon receipt thereof by the agency and person/entity concerned.

Upon finality of the decision suspending the contractor, the Head of Procuring Entity or appellate authority shall issue a Blacklisting Order disqualifying the erring contractor from participating in the bidding of all government projects.

6. PROCEDURE FOR BLACKLISTING DURING THE CONTRACT IMPLEMENTATION STAGE

Upon termination of contract due to default of the contractor, the Head of the Procuring Entity shall immediately issue a Blacklisting Order disqualifying the erring contractor from participating in the bidding of all government projects. The performance security of said contractor shall also be forfeited.

7. STATUS OF BLACKLISTED PERSON/ENTITY

Before the issuance of a Blacklisting Order, the erring contractor may participate in the procurement of any government project except in the agency where he is

⁸⁹ *Ibid.*

⁹⁰ *Ibid.*

suspended. But if Blacklisting Order is issued prior to the date of the notice of award ("NOA"), the blacklisted person/entity shall not be qualified for award and such project/contract shall be awarded to another bidder pursuant to R.A. 9184 and its IRR⁹¹.

If the Blacklisting Order is issued after award of a government project/contract to the blacklisted person/entity, the awarded project/contract shall not be prejudiced by the said order: *Provided, however*, that the said offense(s) committed by the blacklisted person/entity is/are not connected with the awarded project/contract.

8. DELISTING

- 8.1 A blacklisted person/entity shall be automatically delisted after the period for the penalty shall have elapsed, unless the blacklisting agency requests the GPPB to maintain the blacklisted person/entity in the GPPB Consolidated Blacklisting Report due to justifiable reasons. In the latter case, the blacklisted person/entity shall be delisted only upon the blacklisting agency's issuance of a Delisting Order.

9. METHODOLOGY FOR NOTIFICATION TO THE GPPB

- 9.1. Unless otherwise provided in these guidelines, the blacklisting agency concerned shall submit to the GPPB, within seven (7) calendar days after the issuance of the blacklisting order/delisting orders made by the agency, the following documents:
- a) Blacklisting Order duly signed by the Head of the Procuring Entity/appellate authority containing, among others, Department/Office Order or Board Resolution number, name and address of the blacklisted person/entity, license number, if applicable, Authorized Managing Officer ("AMO"), name of project/contract and location/amount, specific ground(s)/offense(s) committed as provided in Section 4 hereof, sanction imposed and its date of start and completion, date of issuance of the order to blacklist, and other conditions which can extend duration of sanctions in Section 4 hereof.
 - b) Delisting Order duly signed by the blacklisting agency containing, among others, Department/Office Order or Board Resolution number, name and address of the blacklisted person/entity, name of project/contract and location, specific sanction being lifted and the number of previously issued blacklisting Department/Office Orders or Board Resolutions, effectivity date of delisting, and date of delisting approval.
- 9.2 The GPPB shall prepare the Consolidated Blacklisting Report every quarter, based on the submitted Blacklisting Orders as provided for in Section 9.1(a) hereof and disseminate the same to procuring entities and the Commission on Audit ("COA"). The report shall be further posted in the GPPB website and the Government Electronic Procurement System ("G-EPS") and shall indicate the number of times a person/entity has been blacklisted, the type of offense/violation committed, the penalty imposed, and the blacklisting agency concerned. The GPPB shall delist from such report those whose sanctions are lifted automatically after serving the given penalty as provided for in Section 8.1 hereof and those whose sanctions are

⁹¹ *Ibid.*

lifted through the issuance of Delisting Orders.

- 9.3 In the case of procurement of infrastructure projects, should a blacklisting agency decide to refer the case of its blacklisted person/entity to the Philippine Contractors Accreditation Board ("PCAB") for license suspension/revocation, it shall submit to PCAB a copy of the decision accompanied with supporting documents.
- 9.4 All existing blacklisting reports of the Government or any of its procuring entities, as well as the list of constructors whose licenses are suspended or revoked by the PCAB as of the date of effectivity of the IRR⁹², are hereby adopted and made part of the GPPB Consolidated Blacklisting Report upon the issuance of these guidelines.

10. AMENDMENTS

- 10.1 In the implementation of these guidelines, the GPPB may introduce modifications thereto through the amendment of its specific provisions as the need arises.
- 10.2 Any amendment to these guidelines shall be applicable to government projects advertised for bid after the effectivity of the said amendment

11. EFFECTIVITY

These Guidelines or any amendments thereof shall take effect immediately after publication in the Official Gazette or a newspaper of general nationwide circulation and upon filing with the University of the Philippines Law Center of three (3) certified copies of these guidelines.⁹³

⁹² *Ibid.*

⁹³ Issued through GPPB Resolution 09-2004, dated 20 August 2004, and published in the Official Gazette on 30 November 2004.

APPENDIX 4 GUIDELINES ON TERMINATION OF CONTRACTS

I. PURPOSE, SCOPE, AND APPLICATION

These guidelines aim to promote fairness in the termination of procurement contracts and to prescribe contract conditions and measures to enable government to protect its interests. For this purpose, policies and procedures relating to the whole or partial termination of government procurement contracts of goods, infrastructure projects, and consulting services are herein established.

II. DEFINITION OF TERMS

1. **Coercive Practice** means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in a procurement process, or affect the execution of a contract.

As such, it is the policy of the Government to engage the services of the AFPCOE in directly implementing projects as provided in these guidelines.

2.0 PURPOSE AND COVERAGE

These guidelines shall streamline and provide rules governing the implementation of infrastructure projects undertaken by the AFPCOE.

3.0 DEFINITION OF TERMS

- 3.1 **End-User Agency** – The agency that is the beneficiary of the project or source of funds of the project to be implemented by the AFPCOE.
- 3.2 **Implementing Unit** – The AFPCOE unit tasked to undertake the project as covered by a Construction Directive issued by the AFP Chief of Engineers or the Chief Engineers of the major services, namely: Army, Navy, and Air Force.
- 3.3 **Job Order** – The hiring of laborers for piece work or intermittent job of short duration not exceeding six (6) months and pay is on a daily or hourly basis. The Implementing Unit may recruit workers from the locality and directly hire them to provide the required labor for the project being undertaken, subject to applicable laws, rules and regulations. The Implementing Unit prepares a payroll that serves as the basis for the payment of wages to the workers.
- 3.4 **“Pakyaw” system** – The system of hiring laborers where the Implementing Unit invites, through appropriate procurement procedures, “pakyaw” groups to submit price quotations for the labor component required for a specified piece of work. The “pakyaw” groups shall comprise a group of laborers residing within the vicinity of the project site, and shall not be a regular licensed contractor.
- 3.5 **Projects Undertaken by Administration** - An infrastructure project is said to be undertaken by administration, from the point of view of the AFPCOE, if the Implementing Unit undertakes the project using its organic personnel through force account and/or “pakyaw” system, equipment and tools, as well as procures the construction supplies and materials necessary for project completion, and manages the project implementation.

4.0 TYPES OF PROJECTS THAT MAY BE UNDERTAKEN BY ADMINISTRATION

The following types of projects may be undertaken by administration by the AFPCOE:

- 4.1. DND-AFP infrastructure projects – Projects involving the construction, maintenance, and repair of facilities and utilities of the Department of National Defense (DND), Armed Forces of the Philippines (AFP), and other DND bureaus and agencies. These include infrastructure projects funded out of the DND appropriations and the proceeds of the disposition of military camps/stations under Republic Act 7227 which are intended for the replication of AFP facilities affected by such disposition.
- 4.2. End-User Agency infrastructure projects in high security risk areas – Projects funded by other government agencies and covered by a Memorandum of Agreement between them and the DND-AFP, to be implemented by the AFPCOE through funds transferred from the end-user agency to the DND-AFP. These include, but are not limited to, the construction and rehabilitation of roads, bridges, school buildings, housing and resettlement sites, irrigation and electrification projects and other vital facilities and utilities. However, these projects may only be undertaken by the AFPCOE in areas which are considered as high security risk areas or in areas with potential conflict or peace and order problem, as determined by the authorized officials of the DND/AFP.

Moreover, the AFPCOE shall only be required to prepare the Project Procurement Management Plan (PPMP) and corresponding APP for projects funded out of DND-AFP appropriations, BCDA funds, and trust receipts managed by the AFP. For projects funded out of appropriations of other agencies, it is sufficient that the project is included in the approved APP of the end-user or source agency. In all cases, there must be an approved program of work for the project.
- 5.2 End-User Agency may only request AFPCOE to implement projects and transfer funds to it if the End-User Agency has no proficiency to conduct the procurement, or no technical capability to undertake the project on its own, and only if the project is located in a high security risk area or in areas with potential conflict or peace and order problem, as determined by the

authorized officials of the DND/AFP, except for projects under Section 4.3.1 hereof.

- 5.3 The SND or his duly authorized representative shall approve projects undertaken by administration, in accordance with the provisions of Section 23.5 of the Implementing Rules and Regulations (IRR)⁹⁶ of Republic Act 9184 (R.A. 9184). The funds shall be taken up in the Trust Account for Inter-Agency Transferred Funds for Infrastructure, which will be set up in the books of accounts of the GHQ-AFP. The GHQ-AFP shall release the funds and corresponding Cash Cover to the Implementing Unit subject to the conditions herein specified.

A&E expenses shall be used to support the preparation of plans, specifications, estimates and other documents related to and necessary for the commencement of the project. A&S expenses, on the other hand, shall be used to support the project management requirements of the unit, including, but not limited to, material testing and quality control, travel for project inspection, and overhead expenses. The SND shall issue guidelines to determine the appropriate amount of A&E as well as A&S expenses. For projects funded by other agencies, however, A&E expenses shall not exceed three percent (3%) of the project cost, and A&S expenses shall not exceed three percent (3%) of the project cost, to be supported by the approved program of work in the MOA.

- 8.2 In the acquisition of goods, supplies and services, including construction materials and equipment, the AFPCOE shall abide with the provisions of R.A. 9184 and its IRR⁹⁷.
- 8.3 The Implementing Unit may hire additional labor to augment their organic personnel, if necessary; Provided, however, that the civilian labor component for the project shall not be more than sixty percent (60%), and, as far as practicable, shall be sourced from the project locality. The AFPCOE shall ensure that unskilled laborers hired are paid the minimum wage applicable to the area, and that semi-skilled and skilled workers are paid wages not exceeding the prevailing market rates in the area. In hiring the laborers and workers, the Implementing Unit may adopt either the direct hiring system or the "pakyaw" system. In the case of "pakyaw" system, Section 3 of the GPPB Guidelines for the Implementation of Projects Undertaken "By Administration" or Force Account shall be followed.
- 8.4 The Implementing Unit may likewise lease supplemental equipment and tools as may be needed, chargeable against project funds, in accordance with existing laws, rules and regulations on the lease of equipment. Furthermore, the same should be provided for in the approved program of work. The AFPCOE may also enter into lease contracts with option to purchase, if warranted.

**APPENDIX 6
GPPB CIRCULAR 06-2005
TIE-BREAKING METHOD**

1.0 Purpose

This circular⁹⁹ is issued to advise government agencies on how to resolve cases where an occurrence of a tie among bidders takes place, i.e., two or more of the bidders are determined and declared as the Lowest Calculated and Responsive Bidder (LCRB), for the procurement of goods and infrastructure projects, or the Highest Rated and Responsive Bidder (HRRB) for the procurement of consulting services.

2.0 Coverage

All Departments, Bureaus, Offices and Agencies of the National Government, Government-Owned or Controlled Corporations (GOCCs), State Universities and Colleges (SUCs), and Local Government Units (LGUs).

3.0 Rules and Regulations

3.1 In accordance with the considerations advanced/maintained in Policy Matter No. 02-2005, issued by the Government Procurement Policy Board, procuring entities are hereby given guidance on how to resolve cases involving a tie, after post-qualification, among bidders determined and declared as LCRB or HRRB.

3.2 Procuring entities are hereby required to identify at the onset of the bidding process, and thereafter include in the bidding documents as instruction or a matter of information to prospective bidders, a ready and clear measure to be used in the event two or more of the bidders have been post-qualified as LCRB or HRRB. In all cases, the measure determined by the procuring entity shall be non-discretionary and non-discriminatory such that the same is based on sheer luck or chance. The procuring entity may use "draw lots" or similar methods of chance.

3.3 However, in lieu of the pre-determined criteria set and declared in the bidding documents, the procuring entity may opt to bring the concerned bidders to agree on a better selection criteria which should also be non-discretionary/non-discriminatory and is similarly based on sheer luck or chance.

APPENDIX 8

GUIDELINES ON PROCUREMENTS INVOLVING FOREIGN-DENOMINATED BIDS, CONTRACT PRICES AND PAYMENT USING LETTERS OF CREDIT

1. POLICY STATEMENT

Pursuant to Section 61 of Republic Act No. 9184 and its counterpart provision in the Implementing Rules and Regulations (IRR)¹¹⁰, for the given scope of work in procurement contracts as awarded, all bid prices shall be considered as fixed prices and, therefore, not subject to price escalation during contract implementation, except under extraordinary circumstances. Thus, to ensure that this policy is carried out, it is required, as a matter of general rule and procedure, that all contracts be denominated and paid in Philippine currency; except when the procuring entity agrees that obligations shall be settled in any other currency at the time of payment, subject to conditions provided for under these guidelines.

2. SCOPE AND APPLICATION

These guidelines shall apply to procurement of goods involving foreign denominated bids, contract prices in foreign and local currencies, and payments for such contracts when done through Letters of Credit (LCs).

3. PURPOSE

These guidelines are formulated: (1) to implement the policy on fixed-pricing under Section 61 of Republic Act No. 9184 (R.A. 9184), otherwise known as "Government Procurement Reform Act," (2) to provide procedural details in the submission and evaluation of bids when the bidders are all-foreign or mixed local and foreign; and finally, (3) to address situations where, by the use of letters of credit as mode of payment to manufacturers, suppliers and/or distributors, there is a resulting increase/decrease of the actual amount of expenditure of the procuring entity resulting from the appreciation/depreciation of the peso from the day of bid opening through the time of the opening of LC until the time of its negotiation, including the accrual of expenses by reason of the opening of letters of credit.

4. PREPARATION OF BIDDING DOCUMENTS

- 4.1. The procuring entity shall include in the Bidding Documents, as a separate item in the Schedule of Requirements and in the Special Conditions of Contract, a provisional sum to cover the possible increase of the actual amount of expenditure of the procuring entity resulting from the appreciation/depreciation of the peso from the day of bid opening through the time of the opening of LC until the time of its negotiation, including the accrual of expenses by reason of the opening of letters of credit.

- 4.1.1. The provisional sum shall be a fixed nominal amount as may be determined by the procuring entity depending on the type of goods to be procured. However, the provisional sum shall not exceed ten percent (10%) of the Approved

¹¹⁰ As amended by GPPB Resolution 03-2011, dated 28 January 2011, published in the Manila Times on 6 April 2011.

Budget for the Contract (ABC). The provisional sum shall be included in the Annual Procurement Plan. The same shall revert to the fund of the procuring entity as savings in case of non-use.

- 4.1.2. In the preparation of the Annual Procurement Plan, the procuring entity shall disaggregate, when applicable, the funds allocated for the project and the provisional sum. The sum total of both funds shall be the ABC.
- 4.2. The face value of the LC shall be determined in accordance with the following procedures which shall be stated in the bidding documents:
 - 4.2.1. The amount of the foreign-denominated portion of the bid stated in the contract shall be converted to Philippine peso based on the foreign exchange rate at the date of the LC opening.
 - 4.2.2. If at the date of LC opening, the said peso equivalent is lower than the peso amount stated in the contract, the face value of the LC shall be the full amount of the foreign-denominated portion of the bid stated in the contract.
 - 4.2.3. If at the date of LC opening, the said peso equivalent is higher than the peso amount stated in the contract, the face value of the LC shall be the full amount of the foreign-denominated portion of the bid stated in the contract, in which case, the provisional sum shall be used to cover the difference.
 - 4.2.4. If the effect of the foreign exchange fluctuation exceeds the provisional sum, the excess thereof shall be borne by the bidder; and the face value of the LC shall be the foreign equivalent of the peso contract price plus the provisional sum.
- 4.3. All charges for the opening of the LC and/or incidental expenses thereto (i.e., bank commission, documentary stamp tax, cable, etc.) shall be for the account of the supplier and shall be so stated in the bidding documents.

5. SUBMISSION AND EVALUATION OF BIDS

- 5.1. All bids may be denominated wholly in local currency or wholly in foreign currency or a combination thereof; provided, however, that foreign component of bids shall cover only imported goods as supported by import documents.
- 5.2. For purposes of bid evaluation and comparison, bids denominated, in whole or in part, in foreign currency shall be converted to Philippine currency based on the exchange rate prevailing on the day of the bid opening.

6. CONTRACT PRICES

- 6.1. As a general rule, Contracts shall be denominated and paid in Philippine currency, except when the procuring entity agrees that obligations shall be settled in any other currency, subject to conditions provided for under these guidelines.
 - 6.1.1. In case procurement is done through competitive bidding and offers are received in foreign currency, the foreign bid shall, in determining the contract price, be converted to Philippine Peso based on the prevailing rate on the date of bid opening.

- 6.1.2. In case procurement is made through any of the alternative methods prescribed in the IRR¹¹¹ of R.A. 9184 that do not require the conduct of competitive bidding, and offers are received in foreign currency, the Philippine Peso amount of the contract shall be computed based on the exchange rate prevailing on the day of the signing of the contract.
- 6.1.3. In case of repeat order under Section 51 of the IRR¹¹² of R.A. 9184, the contract price, either in Philippine Peso or in foreign currency, must be the same as or lower than that in the original contract; Provided, however, that the price is still the most advantageous to the Government, after price comparison and verification.

7. PAYMENTS USING LETTERS OF CREDIT (LCs)

- 7.1. For procurement projects fully utilizing domestic funds, where the goods will be supplied by a local or foreign supplier, the procuring entity, may open LCs or similar instruments in favor of such local or foreign supplier.
- 7.2. In cases where the procuring entity has to incur additional expenses resulting from the opening of LC where it assumes the risk of foreign currency fluctuation from time of LC opening with the issuing bank until it is eventually negotiated with the foreign negotiating bank in the place of the foreign supplier, said expenses shall be covered by the provisional sum.

8. EFFECTIVITY

These Guidelines or any amendments hereto shall take effect fifteen (15) days after publication in the Official Gazette or in a newspaper of general nationwide circulation and upon filing with the University of the Philippines Law Center of three (3) certified copies of these guidelines.¹¹³

**APPENDIX 10
GUIDELINES ON THE GRANT OF HONORARIA TO GOVERNMENT
PERSONNEL INVOLVED IN GOVERNMENT PROCUREMENT**

DBM BUDGET CIRCULAR 2004-5A¹¹⁹

1.0 Background

Budget Circular (BC) No. 2004-5A, dated March 23, 2004, provides the guidelines on the grant of honoraria to government personnel involved in government procurement consistent with Republic Act 9184 (Government Procurement Reform Act). Certain provisions thereof need further clarification particularly on the entitlement to honoraria when alternative modes of procurement are used, the definition of a "successful procurement project", and the funding source for payment of honoraria.

2.0 Purpose

To amend BC No. 2004-5 and reissue the guidelines on the grant of honoraria to qualified personnel.

3.0 Coverage

This circular shall apply to all national government agencies (NGAs), and its instrumentalities, including state universities and colleges (SUCs), government-owned or -controlled corporations (GOCCs) and local government units (LGUs).

4.0 Rationale

Honoraria is a form of compensation granted to individuals for the performance of tasks or involvement in activities beyond their regular functions. Equity calls for equal compensation for performance of substantially similar duties, with substantially similar degrees of responsibility. Propriety dictates that only persons who have successfully completed their tasks or participated in accomplished activities ought to be accomplished.

5.0 Guidelines

5.1 The chairs and members of the Bids and Awards Committee (BAC) and the Technical Working Group (TWG) may be paid honoraria only for successfully completed procurement projects. In accordance with Section 7 of the Implementing Rules and Regulations Part A (IRR-A) of RA No. 9184, a procurement project refers to the entire project identified, described, detailed, scheduled and budgeted for in the Project Procurement Management Plan prepared by the agency.

A procurement project shall be considered successfully completed once the contract has been awarded to the winning bidder.

¹¹⁹ Issued on 7 October 2005.

5.2 The payment of honoraria shall be limited to procurement that involves competitive bidding. Competitive bidding activities are present only in:

- Open and competitive;
- Limited source bidding;
- Negotiated procurement under Section 53 (a) of the IRR-A, where there has been failure of bidding for the second time; and
- Negotiated procurement under Section 53 (b) of the IRR-A following the procedures under Section 54.2 (b) thereof, whereby the procuring entity shall draw up a list of at least (3) suppliers or contractors which will be invited to submit bids.

Conversely, honoraria will not be paid when procurement is thru:

- Direct contracting;
- Repeat order;
- Shopping;
- Negotiated procurement under Section 53 (b) of the IRR-A following the procedures under Section 54.2 (d) thereof, whereby the procuring entity directly negotiates with previous supplier, contractor or consultant, or when the project is undertaken by administration or thru the AFP, in case of infrastructure projects; and
- Negotiated procurement under Section 53 (c) to (g) of the IRR-A.

5.3 The honoraria of each person shall not exceed the rates indicated below per completed procurement project:

	Maximum Honorarium rate per procurement project
BAC Chair	P 3,000
BAC Members	2,500
TWG Chair and Members	2,000

5.4 The average amount of honoraria per month over one year shall not exceed twenty five percent (25%) of the basic monthly salary. The honoraria, however, shall be paid only upon the successful completion of each procurement.

5.5 To be entitled to honoraria, personnel should be duly assigned as chair or member of the BAC or the TWG by the head of the department/agency concerned.

5.6 The members of the BAC Secretariat who are performing the attendant functions in additions to their regular duties in other non-procurement units of the agency may likewise be paid honoraria at the same rate as the TWG Chair and Members, subject to the same regulations.

The members of the BAC Secretariat whose positions are in the Procurement Unit of the agency shall not be entitled to honoraria. The payment of overtime services may be allowed, subject to existing policy on the matter.

- 5.7 Heads of government entities are prohibited from paying honoraria to personnel involved in procurement activities outside of those covered herein.
- 5.8 By reason of jurisprudence, a Department Undersecretary or Assistant Secretary who concurrently serves in the BAC, in whatever capacity, shall not be entitled to honoraria.
- 5.9 In lieu of honoraria, the payment of overtime services may be allowed for the administrative staff, such as clerks, messengers and drivers supporting the BAC, the TWG and the Secretariat, for procurement activities rendered in excess of official working hours. The payment of overtime services shall be in accordance with the existing policy on the matter.
- 5.10 Those who are receiving honoraria for their participation in procurement activities shall no longer be entitled to overtime pay for procurement-related services rendered in excess of official working hours.

6.0 Funding Source¹²⁰

- 1.1 The amount necessary for the payment of the honoraria and overtime pay authorized herein shall be sourced only from the following:
 - Proceeds from sale of bid documents;
 - Fees from contractor/supplier registry;
 - Fees charged for copies of minutes of bid openings, BAC resolutions and other BAC documents;
 - Protest fees;
 - Liquidated damages; and
 - Proceeds from bid/performance security forfeiture.
- 6.2 Pursuant to the DOF-DBM-COA Permanent Committee Resolution No. 2005-2 dated June 2005, all agencies are authorized to treat the collections from the sources identified in item 6.1 hereof as trust receipts to be used as exclusively for the payment of honoraria and overtime pay herein authorized. Agencies may utilize up to one hundred percent (100%) of the said collections for the payment of honoraria and overtime pay subject to the guidelines in item 5.0 of this Circular. Any excess in the amount collected shall be remitted by NGAs to the Bureau of the Treasury. In the case of GOCCs and LGUs, the same shall form part of their corporate or local government funds, respectively.
- 6.3 The total amount of honoraria and overtime pay to be paid for procurement-related activities shall not exceed the said collections.
- 6.4 In cases of deficiency in collections from the sources identified in item 6.1 above, the amount of honoraria and overtime pay shall be adjusted proportionately for all those entitled thereto.

- 3.4 No contractor shall be used by the procuring entity, directly or indirectly for works undertaken by administration.
- 3.5 Procurement of tools and construction equipment shall be subject to the rules on public bidding.
- 3.6 For projects funded by the National Government and implemented by a Local Government Unit, the latter shall be required to post the necessary warranty security in accordance with Section 62 of RA 9184 and its IRR.¹²³
- 3.7 The manual labor component of projects undertaken by administration may be undertaken in-house by the implementing agency concerned, by job-order or through the pakyaw contracting system. In-house labor is undertaken if the workers are employees or personnel occupying regular *plantilla* positions in the implementing agency. Job-order contracts shall be governed by relevant Commission on Audit (COA) and/or Civil Service Commission (CSC) rules.

4.0 Pakyaw Contracting System

- 4.1 Pakyaw labor shall be drawn from the vicinity of the project, or Pakyaw labor groups belong to various Barangay Associations contiguous to the project site. Unskilled labor should be drawn from the Barangay where the project is located; semi-skilled labor shall be recruited within the municipality, preferably within the Barangay; skilled labor shall be recruited within the province but preferably within the Barangay/Municipality.

¹²² Amended through GPPB Resolution 07-2009, dated 30 September 2009, published in The Daily Tribune on 2 December 2009.

¹²³ As amended by GPPB-Resolution 03-2011, dated 28 January 2011, published in the Manila Times on 6 April 2011.

- 4.2 The formation of Pakyaw Groups should actively involve the Barangay leaders and the community. A Project Facilitator (PF) shall be appointed by the implementing agency to assist in the organization of the Pakyaw Groups and in the preparation of the Pakyaw Contracts. The PF shall, for purposes of informing the community of the project and of organizing pakyaw groups, shall convene community meetings, with the assistance of the Barangay Chairperson/s. The PF shall cause the registration of all unemployed or underemployed members of the community who are interested to join Pakyaw groups being formed for the project.
- 4.3 The Pakyaw workers should be formed into groups of workers based on the lump sum works. In case of competitive selection, pakyaw groups which were not selected for a particular lump sum work may choose to compete for other works requiring pakyaw groups.
- 4.4 Where there is competition for the award of Pakyaw works, the pakyaw labor contract shall be awarded through competitive selection with at least three (3) Pakyaw Groups participating. There is deemed to be a competition for the award of pakyaw contracts when the number of laborers who registered during the community meeting is more than what is reasonably needed for the lump sum work required under the project. The competitive selection shall be done on a "per-output" basis. And the winner(s) shall be determined based on what group(s) undertake(s) to deliver the desired output at the lowest rate, either per item of output or per lump sum work, within the required period.
- 4.5 For purposes of Item 4.4 hereof, the number of members per group shall be determined by the Project Facilitator to ensure that at least three Pakyaw Groups are organized for the competitive selection. The determination by the Project Facilitator of the number of members per Pakyaw Group shall be exercised with regard to the objective of providing work to as many laborers as possible.
- 4.6 A Group Leader shall be elected from among the members of the group who shall be the signatory to the Pakyaw Contract and any other documents pertaining to the work on behalf of the Pakyaw Group. He may be replaced at any time by the group through an election for that purpose, after due notice to the Project Facilitator and the Barangay Chairperson. Any such replacement shall not invalidate any previous Pakyaw Contract.
- 4.7 In no case may Pakyaw Groups be regular or licensed contractors or organized by and/or under the management of a regular or licensed contractor. Laborers supplied by job-contractors/labor-only contractors are likewise disqualified to become members of the Pakyaw groups when the job-contracting/labor-only contracting is specifically carried out for the purpose.
- 4.8 The amount of a pakyaw labor contract per project shall not exceed Five Hundred Thousand Pesos (P500,000.00) per pakyaw group.

5.0 Repealing Clause

APPENDIX 12
**GUIDELINES ON PROCUREMENT OF WATER, ELECTRICITY,
TELECOMMUNICATIONS AND INTERNET SERVICE PROVIDERS**

1. SCOPE AND APPLICATION

These guidelines shall govern the procurement of water, electricity, telecommunications (landline and cellular phone), and internet service providers by government agencies as end users.

Section 5 (h) of Republic Act No. (R.A.) 9184 defines goods as referring to all items, supplies, materials, and general support services which may be needed in the transaction of public business or in the pursuit of any government undertaking. Such definition necessarily includes the procurement of internet service providers and public utility services, such as water, electricity, and telecommunication services.

2. PURPOSE

These guidelines are formulated to meet the following objectives:

- 2.1 Prescribe the appropriate method under R.A. 9184 that applies to the procurement of water, electricity, telecommunications, and internet service providers; and
- 2.2 Provide additional guidelines to ensure that contractual arrangements with service providers continue to be favorable to the interest of the government applying cost-benefit analysis and, thus, remain consistent with the principles of R.A. 9184.

3. PROCEDURES AND GUIDELINES

3.1 *Water and Electricity Services*

Considering that water and electricity service providers are granted exclusive franchises to operate within a specific territory, procurement of water and electricity services shall be done through direct contracting under Section 50 (c) of the Implementing Rules and Regulations (IRR)¹²⁶ of R.A. 9184. This provision does not apply to the purchase of bottled water or to the procurement by any agency of the government, whether national or local, in its operation as water or electric concessionaire (e.g. repair of pumping stations).

3.2 *Telecommunications (Landline and Cellular Phones)*

3.2.1 *Existing Lines*

Telephone and cellular lines are critical in the day-to-day pursuit of public business. Their continuity ensures proper coordination within the organization and the efficient delivery of public service. Further, telephone

¹²⁶ As amended by GPPB Resolution 03-2011, dated 28 January 2011, published in the Manila Times on 6 April 2011.

and cellular numbers are usually identified with certain government agencies or a range of public services that the government may offer (e.g., 117). As such:

- 3.2.1.1 Contractual agreements previously entered into with telecommunication companies shall be respected.
- 3.2.1.2 At the end of each year, however, the procuring entity must assess the quality of service provided by its telecommunication service provider. For instance, it must compare the cost charged by its existing telephone or cellular phone service provider and the range of services it offers as against other service providers in the area.
- 3.2.1.3 If results of said assessment or cost-benefit analysis continue to favor the existing service provider, then the procuring entity may simply renew its services. If it does not, then the procuring entity should bid said services in accordance with Subsection 3.2.2 of these guidelines.
- 3.2.1.4 Repeat order under Section 51 of R.A. 9184 may be resorted to by the procuring entity if additional lines are needed during the year. For this purpose, the requirement under Section 51 (c) of the IRR that the repeat order may only be availed of within six (6) months from the effectivity period stated in the Notice to Proceed arising from the original contract may be dispensed with.¹²⁷

3.2.2 *New Lines*

If the procuring entity does not have an existing telephone service contractor or, after conduct of a cost-benefit analysis as required in the preceding subsection, is not satisfied with the performance of its previous service contractor, the following procurement methods are prescribed:

- 3.2.2.1 If there is more than one service contractor operating within the area, competitive public bidding;
- 3.2.2.2 If there is only one service contractor operating within the area, direct contracting.

3.3 *Internet Service Providers (ISP)*

3.3.1 *Existing ISPs*

ISPs provide the initial infrastructure requirements (e.g., cabling) necessary in the provision of internet access. Changing ISPs every year may therefore prove to be more costly to government as every new ISP would have to charge the procuring entity for this initial investment. Further, changing ISPs

¹²⁷ *Ibid.*

entails interruption of internet access and, thus, any public service dependent on such access. Thus:

3.3.1.1 Contractual agreements previously entered into with ISPs shall be respected.

3.3.1.2 At the end of each year, however, the procuring entity must assess the quality of service provided by its ISP. For instance, it must compare the cost charged by said ISP and the range of services it offers as against other service providers in the area. It may also consider new technologies that may prove less costly.

In assessing the quality of service provided by its ISP, procuring entities are encouraged to consult the National Telecommunications Commission, or Commission on Information and Communication Technology, or other relevant government agencies regarding any new policy or directive in the implementation or use of new technology.

3.3.1.3 If the results of said assessment or cost-benefit analysis continue to favor the existing ISP, then the procuring entity may simply renew its services. If it does not, then the procuring entity should bid said services in accordance with subsection 3.3.2 of these guidelines.

3.3.2 *New ISPs*

If the procuring entity does not presently engage an ISP or, after conduct of a cost-benefit analysis as required in the preceding subsection, is not satisfied with the performance of its existing ISP, the following procurement methods are prescribed:

3.3.2.1 If there are more than one service contractor operating within the area, public bidding.

3.3.2.2 If there is only one service contractor operating within the area, direct contracting.

4. REPORTORIAL REQUIREMENT

Procurement of water, electricity, telecommunications, and internet service shall be stated in the Annual Procurement Plan of the procuring entity. It shall include the estimated budget for each service and the procurement method employed.

5. EFFECTIVITY

These guidelines shall take effect immediately.¹²⁸

¹²⁸ Issued through GPPB Resolution 019-2006, dated 06 December 2006, and published in the Official Gazette on 09 April 2007.

Only in highly exceptional cases, and when justified by the conditions prescribed under these guidelines, can the procuring entity procure from another government agency under the 1st paragraph of Section 53.5 of the IRR of R.A. 9184.¹³⁰

2. PURPOSE

These guidelines are being issued to strictly prescribe the conditions when a government agency may procure from another government agency without need of public bidding pursuant to the 1st paragraph of Section 53.5 of the IRR of R.A. 9184 (hereinafter, referred to as *Agency-to-Agency Agreements*).¹³¹

1. SCOPE AND APPLICATION

These guidelines shall govern the use, under extraordinary circumstances, of an index-based pricing scheme for procurement of petroleum, oil, and lubricants (POL) in accordance with Section 61 of Republic Act No. 9184 (R.A. 9184), otherwise known as "Government Procurement Reform Act" and its Implementing Rules and Regulations (IRR)¹³⁸ and the GPPB Guidelines for Contract Price Escalation.

These rules and procedures shall govern the procurement of POL by the national government, its departments, bureaus, offices and agencies, including state universities and colleges, government-owned and/or controlled corporations, government financial institutions and local government units when POL is a major operational requirement necessary for the prosecution of their principal mandate. Procurement of POL from retailers or dealers other than major suppliers as hereafter defined, or from those who are engaged in the business of selling the same to the general public for ultimate consumption and which are sold at pump prices shall not be subject to these guidelines.

2. PURPOSE

These guidelines are formulated to meet the following objectives:

- 2.1. To identify the conditions for the applicability of the index-based pricing scheme in the procurement of POL products by a procuring entity.

These guidelines shall be applicable in cases of bulk procurement of POL by the national government, its departments, bureaus, offices and agencies, including state universities and colleges, government-owned and/or controlled corporations, government financial institutions and local government units where POL procurement is a major requirement in their operations. For this purpose, procuring entities intending to use these guidelines for their POL procurement shall notify the Government Procurement Policy Board (GPPB) in writing.

POL requirements shall be considered major if the use of the same are necessary in the primary operation of the procuring entity and in the prosecution of its principal

mandate. The duration of the contract to cover the POL requirement of the procuring entity shall not exceed one (1) year, without prejudice to the applicability of any guidelines that may govern multi-year contracts.

5. INDEX-BASED PRICING FOR PETROLEUM, OIL AND LUBRICANT PRODUCTS

5.1. The WPP index shall be used in the procurement of the following products:

- i. Premium, Unleaded or Regular Gasoline;

5.2. The MOPS index shall be used in the procurement of the following products:

- i. Industrial Fuel Oil;
- ii. Low Sulfur Fuel Oil; and
- iii. Industrial Diesel Oil.

5.3. In the procurement of all types of lubricant products, the procuring entity may adopt either a fixed or index-based pricing. If its assessment or cost-benefit analysis indicates that index-based pricing is more advantageous, then it shall adopt the ICIS-LOR index.

5.4. The foregoing list shall be subject to annual review, modification or re-classification by the GPPB, or as often as it deems necessary.

6. WPP, MOPS AND ICIS-LOR-BASED PRICING SCHEME

6.1. For the procurement of products using the WPP index, the Bid Price shall be determined based on the prospective supplier's WPP ten (10) days prior to the date of bid opening as verified with the Oil Industry Management Bureau of the Department of Energy, subject to the rules under Item 7 hereunder.

6.2. For the procurement of products using the MOPS index, the Bid Price shall be determined based on the average MOPS of the immediately preceding calendar month prior to the date of bid opening, subject to the rules under Item 7 hereunder.

6.3. For the procurement of lubricant products using the ICIS-LOR index, the Bid Price shall be determined based on the average ICIS-LOR assessments of the immediately preceding calendar month prior to the date of bid opening as officially released by ICIS-LOR, Singapore.

7. BID AND CONTRACT PRICES

7.1. Bid Prices for procurement using the WPP index shall be the individual WPP of the prospective supplier less the discounts given, if any, plus delivery cost. On the other hand, the Bid Price for procurement using the MOPS and ICIS-LOR indices in accordance with Sections 5.2 and 5.3 hereof shall be the MOPS or ICIS-LOR plus premium and delivery cost charged by the bidder.

- 7.2. Cost for E-VAT and other governmental costs which fall equally on all prospective suppliers are presumed to be included in the computation of the bid price.

8. BID EVALUATION AND COMPARISON OF BIDS

- 8.1. For purposes of bid evaluation and/or comparison of bids, regardless of the index used, the Lowest Calculated Bid shall be determined by identifying the bidder who offered the lowest Bid Price.
- 8.2. For purposes of payment, the discount or premium and the delivery cost stated in the contract shall be fixed from the time of the bidding through the term of the contract.

9. ACTUAL PRICES PAYABLE

- 9.1. The amount to be paid by the procuring entity for POL requirements actually delivered and duly received by it shall be: (i) the WPP less the discounts offered, if any, plus the delivery cost charged, at the date of actual delivery; or (ii) the MOPS or ICIS-LOR, plus the premium imposed and the delivery cost charged, referenced to the average of the MOPS or ICIS-LOR of the calendar month immediately preceding the date of actual delivery.
- 9.2. For staggered deliveries, the procuring entity shall make, after every delivery, an accounting of the amount actually payable based on the date of the delivery receipt to determine the allowable unit/volume that may still be ordered from the remaining amount allotted for each POL product. The procuring entity shall be allowed to make adjustments in the units/volume to be delivered per type of product to conform to the remaining amount in the total contract price.
- 9.3. For contracts stipulating consignment whereby a supplier makes a delivery of POL products to a procuring entity's holding area and payment is based on volume consumed, the actual price payable shall be determined based on the weighted average of the applicable index from the date the order is placed up until the cut-off date for payments agreed upon by the parties. The same rule shall apply for contracts where a major supplier delivers the POL products to the procuring entity through its authorized stations and/or distribution centers.
- 9.4. If during contract implementation, the total contract price for the project would have been consumed notwithstanding that the requirements were not fully delivered in the units/volume contemplated, no further order and payments shall be made. This provision shall form part of the bidding documents.

10. EFFECTIVITY

These Guidelines amend GPPB Resolution No. 09-2006, dated 10 April 2006, and shall take effect fifteen (15) days after publication in the Official Gazette or in a

newspaper of general nationwide circulation and upon filing with the University of the Philippines Law Center of three (3) certified copies.¹³⁹

APPENDIX 16

GUIDELINES ON THE PROCUREMENT OF SECURITY AND JANITORIAL SERVICES

1.0 POLICY STATEMENT

Under Section 5 (h) of Republic Act No. 9184 (R.A. 9184), as reiterated in Section 5 (r) of its Implementing Rules and Regulations (IRR)¹⁵⁵, procurement of general support services, including non-personal or contractual services, such as security and janitorial services, falls under the definition of goods. Thus, in the procurement of security or janitorial services, the winning bid is determined by the lowest calculated and responsive bid.

It is recognized, however, that the proper and efficient procurement of security and janitorial services should be based not solely on cost, but should also take into consideration a range of other factors, such as, but not limited to, length of contract, standards of internal governance, adequacy of resources, levels of training, and adherence to labor and other social legislation.

2.0 SCOPE AND APPLICATION

These guidelines shall govern the procurement of security and janitorial services by government agencies.

These guidelines shall not apply to the procurement of other general support services, such as, repair and maintenance of equipment and furniture, trucking, hauling, and other services.

3.0 PURPOSE

These guidelines are formulated to meet the following objectives:

- 3.0. To prescribe an objective set of parameters in the evaluation of technical proposals for security and janitorial services;
- 3.1. To provide conditions on the use of multi-year contracts for security and janitorial services.

4.0 ADDITIONAL SET OF TECHNICAL PARAMETERS

- 4.1 Procuring entities are highly encouraged to evaluate the technical proposal of bidders using the additional set of parameters prescribed in Appendix A of these guidelines. However, considering that procuring entities have different needs and requirements, the minimum standard for each parameter shall be determined by the procuring entity.

Additional technical parameters and minimum standard for each parameter must be expressly stated under *Section VII. Technical Specifications* of the

¹⁵⁵ As amended by GPPB Resolution 03-2011, dated 28 January 2011, published in the Manila Times on 6 April 2011.

Philippine Bidding Documents for the Procurement of Goods (PBDs).

- 4.2 To determine compliance with these parameters, procuring entity may require additional documents or materials as part of the bidder's technical proposal. These additional documents or materials must be expressly stated in Section VII: Technical Specifications of the PBDs for the Procurement of Goods consistent with Section 25.2 (a) (iii) of the IRR of R.A. 9184.¹⁵⁶
- 4.3 The procuring entity shall check compliance with the technical parameters using a non-discretionary "pass/fail" criteria

5.0 MULTI-YEAR CONTRACTS

Procuring entities may enter into multi-year contracts, but not to exceed three (3) years, in the procurement of security and janitorial services, subject to the following conditions:

- 5.1. The Invitation to Apply for Eligibility and to Bid must expressly state the following:
 - 5.1.1. Duration of the contract to be bid, which should not exceed three (3) years;
 - 5.1.2. The Approved Budget for the Contract (ABC) for the first year only.
- 5.2. All bid prices for a duration of three (3) years shall be fixed and shall not be adjusted during contract implementation, except for the following:
 - 5.2.1. Increase in minimum daily wage pursuant to law or new wage order issued after date of bidding,
 - 5.2.2. Increase in taxes; and
 - 5.2.3. If during the term of the contract the procuring entity sees the need for an increase or decrease in the number of security guards or janitorial attendants, the resulting cost of said increase or decrease, provided that the ABC for the relevant year is not exceeded.

The procuring entity shall ensure that the foregoing allowable price adjustments are specified under Section 8.1 of the Special Conditions of Contract of the PBDs.

- 5.3. The Financial Proposal shall contain a breakdown of all costs, including cost of supplies and equipment, necessary for the execution of the contract.
- 5.4. Procuring entities shall expressly provide, under *Section VII. Technical Specifications*, which shall form part of the contract under Section 13.1 of the General Conditions of the Contract of the PBDs, that the service provider/contractor shall maintain a satisfactory level of performance throughout the term of the contract based on a prescribed set of performance criteria.

¹⁵⁶ *Ibid.*

The performance criteria to be applied shall include, among others, the following: (i) quality of service delivered; (ii) time management; (iii) management and suitability of personnel; (iv) contract administration and management; and (v) provision of regular progress reports.

- 5.5. Before end of each year, procuring entities shall conduct an assessment or evaluation of the performance of the service provider/contractor based on the set of performance criteria prescribed under *Section VII. Technical Specifications*.

- 4.6 The current service provider has not violated any of the provisions of the original contract.
- 4.7 The terms and conditions of the original contract shall not be changed or modified, except when changes or modifications will redound to the advantage of the government at no additional cost to the Procuring Entity.

APPENDIX 18 IMPLEMENTING GUIDELINES FOR LEASE OF PRIVATELY-OWNED REAL ESTATE AND VENUE

1. PURPOSE

The Guidelines on Lease of Privately-Owned Real Estate and Venue (the "Guidelines") shall set forth the rules and procedures in entering into contracts for lease of privately-owned real estate and venue by government agencies for official use pursuant to Section 53.10 of the Implementing Rules and Regulations of Republic Act 9184.

2. SCOPE AND APPLICATION

The Guidelines shall apply to national government, its branches, constitutional offices, departments, bureaus, offices and agencies, including state universities and colleges, government-owned and/or -controlled corporations, government financial institutions, and local government units.

It shall not apply to lease of government properties for private use.

3. DEFINITION OF TERMS

- 3.1. **Cost-benefit Analysis.** Refers to a tool used to aid decision-making by evaluating the benefits to be attained from an action against the costs for its implementation. For purposes of these Guidelines, the cost-benefit analysis should consider, among others, the costs for the transfer to, furnishing, and/or maintenance of the real estate, and include a market analysis of prevailing lease rates within the vicinity of the selected location.
- 3.2. **Lessee.** Refers to any government agency temporarily occupying a real estate on the basis of a contract executed with the private individual, partnership, cooperative, association, or corporation having absolute ownership over such real estate.
- 3.3. **Lessor.** Refers to any private individual, partnership, cooperative, association, or corporation having absolute ownership over the real estate or venue to be leased.
- 3.4. **Real Estate.** Refers to land and buildings, including office spaces or units.
- 3.5. **Rental Rate.** Refers to the amount paid by the Lessee for the use and/or occupancy of the privately-owned real estate to the Lessor, where payment is usually made on a monthly basis.
- 3.6. **Venue.** Refers to training centers, convention halls, hotels, and similar establishments catering to trainings, seminars, conferences, conventions, symposia and similar gatherings requiring the official participation of government officials and employees. This may include meals and accommodation depending on the requirements of the procuring entity.

4. GUIDING PRINCIPLES

- 4.1. It is more preferred that government agencies lease publicly-owned real estate and venue from other government agencies.
- 4.2. The location of the real estate or venue to be leased should have been meticulously selected by the procuring entity after taking into consideration, among others, the need for prudence and economy in government service and the suitability of the area in relation to the mandate of the office, and its accessibility to its clients. In the lease of venue, other factors such as the nature of the event or the level of security in the proposed location may also be taken into account.
- 4.3. As a general rule, rental rates are considered reasonable when they represent or approximate the value of what the Lessee gets in terms of accommodation, facility, amenities, and convenience from the leased real estate or venue, and the Lessor gets an equitable return of capital or investment.
- 4.4. Rental rates should also be within the prevailing market rates for lease of real estate or venue with the same or similar condition or classification and located within the vicinity.
- 4.5. The procuring entity shall ensure that the objectives and purpose of the lease contract do not constitute an unnecessary, excessive, extravagant, or unconscionable expenditure.

5. PROCEDURAL REQUIREMENTS

- 5.3. The Approved Budget for the Contract (ABC) shall be set using the mid point of the range obtained from the results of the market analysis on the prevailing lease rates for real estates or venue within the vicinity of the selected location complying with the criteria and technical specifications of the end user unit. In no case shall the rental rates, including additional expenses, such as association dues in the case of lease of real estate, exceed the ABC.
- 5.4. The Annual Procurement Plan of the procuring entity shall reflect the proposed lease of real estate or venue specifying the approved mode of procurement, the ABC, and the general description of the lease.

- 5.5. Selection of the Lessor following the procedures prescribed in Items 6 and 7 of these Guidelines may be delegated to the appropriate bureau, committee, or support unit duly authorized by the Bids and Awards Committee.
- 5.6. Eligibility documents need not be submitted by prospective Lessors. The procuring entity must nevertheless validate whether the Lessor to be awarded the contract is technically, legally and financially capable through other means.
- 5.7. All lease contracts with ABCs costing more than Fifty Thousand Pesos (Php 50,000.00) shall be posted in the Philippine Government Electronic Procurement System.

6. SPECIFIC GUIDELINES: LEASE OF REAL ESTATE

- 6.1. The draft contract and the technical specifications for the lease shall be prepared taking into consideration the rating factors under Appendix A of these Guidelines.
- 6.2. Thereafter, at least three (3) prospective Lessors shall be invited to submit sealed price quotations.
- 6.3. On a specified date, submitted price quotations shall be opened to determine the Lowest Calculated Bid (LCB). The real estate being offered by the Lessor with the LCB shall be rated in accordance with the technical specifications prepared pursuant to Appendix A, and the reasonableness of its price quotation shall be determined in accordance with the methodology prescribed in Appendix B of these Guidelines
- 6.4. If the LCB is determined to be responsive and reasonable, said bid shall be declared as the Lowest Calculated Responsive Bid (LCRB). If not, then the second LCB shall be evaluated and its reasonableness determined pursuant to Item 6.3 of these Guidelines. This procedure shall be repeated for the next LCB until the LCRB is determined.
- 6.5. Lease contract shall be awarded to the LCRB. If no LCRB has been determined, then another round of prospective Lessors shall be invited to submit sealed price quotations in accord with Item 6.2 of these Guidelines until an LCRB has been determined and awarded the contract.

7. SPECIFIC GUIDELINES: LEASE OF VENUE

- 7.1. Technical specifications shall be prepared taking into consideration the rating factors under Appendix C of these Guidelines.
- 7.2. Once technical specifications have been finalized, at least three (3) price quotations shall be obtained within the vicinity of the selected location.
- 7.3. The venue being offered by the Lessor with the LCB shall then be rated in accordance with the technical specifications prepared pursuant to Appendix C. Compliance rating with technical specifications may be conducted through ocular inspection, interviews, or other forms of due diligence.

- 7.4. If the LCB is determined to be responsive, said bid shall be declared as the LCRB. If not, then the second LCB shall be evaluated and its responsiveness determined pursuant to Item 7.3 of these Guidelines. This procedure shall be repeated for the next LCB until the LCRB is determined.

8. TERMS AND CONDITIONS OF LEASE CONTRACTS

- 8.1. The procuring entity shall ensure that the lease contract provides the most advantageous terms and conditions to the Government.
- 8.2. Lease contracts may be entered into on a multi-year basis, subject to the application of any set of guidelines that governs multi-year contracts.

APPENDIX B
DETERMINATION OF REASONABLENESS OF RENTAL RATES

1. The reasonableness of rental rates may be determined using any of the following methods.

1.1. *Computation based on Observed Depreciation*

This method uses the following formula and a depreciation rate determined after meticulous ocular inspection of the actual condition of the real estate:

Reproduction Cost	=	Estimated Unit Construction Cost × (1 - Depreciation Rate)
Formula Rate	=	Reproduction Cost × Monthly Capitalization Rate
Rental Rate	=	Formula Rate × Factor Value
Monthly Rental	=	Rentable Area × Rental Rate

- 1.1.1. The following weights may be used in arriving at the observed depreciation rate:

Status	Depreciation (%)
Good	20
Fair	40
Poor	60
Very poor	80

- 1.1.2. Reproduction Cost refers to the estimated total cost of replacing the real estate with the same utility.
- 1.1.3. Capitalization Rate refers to the interest rate on the cost or value of the property.
- 1.1.4. Rentable Area refers to the total area of the real estate in square meters being occupied or to be occupied by the Lessee less the common area like lobby, stairway, elevator hall, common comfort room, machine room for air conditioner, and other areas of common use by the public or upper floor occupants.
- 1.1.5. Factor Value refers to the rating factor where locations and site conditions, neighborhood data and real estate structural condition, functionality, facilities and other requirements, including free services and facilities offered by the Lessor are considered. The rating factors and its corresponding weights are provided in Appendix A of these Guidelines.

1.2. *Computation based on Straight Line Depreciation*

This method uses the following formula:

Age of Real Estate	=	Current Year – Year of Construction
Depreciation	=	Please See Table of Structural Depreciation

Rate		
Reproduction Cost	=	Estimated Unit Construction Cost × (1 – Depreciation Rate)
Formula Rate	=	Reproduction Cost × Monthly Capitalization Rate
Rental Rate	=	Formula Rate × Factor Value
Monthly Rental	=	Rentable Area × Rental Rate

1.2.1. Depreciation rate shall be determined using the following Table of Structural Depreciation provided by the DPWH:

AGE	ESTIMATED LIFE OF REAL ESTATE			
	WOODEN FRAME (40 years)	SEMI-CONCRETE (60 years)	REINFORCED CONCRETE (75 years)	STRUCTURAL REINFORCED (100 years)
	Percentage (%) of estimated life			
1	3	2.5	2	1.5
2	6	4.5	3.8	2.8
3	8.9	6.9	5.6	4.2
4	11.7	9	7.4	5.5

25	57.7	43.8	36.8	29
30	65	50	42.4	33.6
35	70	55.6	47.5	38
40	75	60.6	52.2	42.1
45		65	56.5	46
50		68.9	60.5	49.6
55		72.3	64.1	53.1
60		75	67.3	56.3
65			70.3	59.3
70			73	62
75			75	64.5
80				67
85				69.3
90				71.4
95				73.3
100				75

1.2.2. Estimated Unit Construction Cost refers to the estimated prevailing cost of construction per square meter of the real estate being appraised. The respective Estimated Unit Construction Cost of types of real estate for each region may be obtained from the Bureau of Maintenance of the DPWH.

1.2.3. Reproduction Cost, Capitalization Rate, Rentable Area and Factor Value shall have the same meaning as those referred Items 1.1.2 to 1.1.5.

1.3. *Comparative Market Price Analysis*

This method is based on the conduct of comparative market analysis on the prevailing lease rates for real estates within the vicinity of the selected location complying with the criteria and technical specifications of the procuring entity. In the lease of vacant lot or other land spaces, the procuring entity shall likewise consider the zonal valuation issued by the city or municipality having jurisdiction over the property.

2. If the price quotation of the prospective Lessor does not exceed the computed monthly rental or is within the prevailing market rates, the rental rate offered may be regarded as reasonable, and its quotation may then be considered for award.

3. Sample Computations for Observed Depreciation and Straight Line Depreciation:

A 5-storey office building made of reinforced concrete structure with mechanical equipment, i.e., elevator, air conditioning system, etc.

Date of Construction	1987
Estimated Unit Construction Cost	P25,000/sq.m
Depreciation	20% (Good condition)
Capitalization Rate	20% (Variable based on bank rate)
Factor Value	90% (Based on rating)

COMPUTATION BASED ON OBSERVED DEPRECIATION

Reproduction Cost = Estimated Unit Construction Cost × (1 – Depreciation Rate)
 = P25,000/sq.m. (1 – 0.20)
 = P20,000/sq.m.

Formula Rate = Reproduction Cost × Monthly Capitalization Rate
 = 20,000 (0.20/12) = 20,000 (0.0167)
 = P334/sq.m./mo.

Rental Rate = Formula Rate × Factor Value
 P334 (0.90)
 300.60/sq.m./mo. say 300/sq.m.

Rentable Area = 200.00 sq.m.

Monthly Rental = Rentable Area × Rental Rate

$$= 200/\text{sq.m.} \times \text{P}300/\text{sq.m./mo.}$$

$$= \text{P}60,000.00/\text{mo.}$$

COMPUTATION BASED ON STRAIGHT LINE DEPRECIATION

Age of Real estate	=	Current Year – Year of Construction
	=	2007 – 1987
	=	20 years
Depreciation Rate	=	See Appendix B for the Table of Structural Depreciation Rate
Reproduction Cost	=	Estimated Unit Construction Cost \times (1 – Depreciation Rate)
	=	$\text{P}25,000/\text{sq.m.} (1 - 0.248)$
	=	$\text{P}18,800/\text{sq.m.}$

- b. Small Value Procurement of goods, infrastructure projects, and consulting services under Section 53.9 of the IRR.

2. GENERAL GUIDELINES

- a. The decision to resort to Shopping or Small Value Procurement shall be reflected in the Annual Procurement Plan and must take into consideration the annual procurement requirements of the item to be procured and other market factors, such as fluctuations in prices.
- b. Splitting of contracts is strictly prohibited. Splitting of contracts means the breaking up of contracts into smaller quantities and amounts, or dividing contract implementation into artificial phases or subcontracts, for the purpose of making it fall below the threshold for shopping or small value procurement, or evading or circumventing the requirement of public bidding.
- c. After the decision to resort to Shopping or Small Value procurement has been made, the conduct thereof may be delegated to the appropriate bureau, committee, or support unit duly authorized by the Bids and Awards Committee.

3. PROCEDURAL GUIDELINES

- a. The Request for Quotation (RFQ), indicating the specification, quantity, Approved Budget for the Contract (ABC), and other terms and conditions of the item to be procured, shall be prepared.
- b. The RFQ must also prescribe the manner by which price quotations shall be submitted *i.e.*, by sealed or open quotation, and the deadline for their submission. In all instances, however, information relating to the examination, evaluation, and comparison of price quotations shall be kept confidential and should not be disclosed to any other party except to those officially concerned until award of contract.
- c. The RFQ shall be sent to at least three (3) suppliers, contractors, or consultants of known qualifications. However, during unforeseen contingencies requiring immediate purchase under Section 52.1(a) of the IRR, the RFQ may be sent to only one (1) supplier.

- d. RFQs shall also be posted for a period of seven (7) calendar days in the Philippine Government Electronic Procurement System (PhilG-EPS) website, website of the procuring entity, if available, and at any conspicuous place reserved for this purpose in the premises of the procuring entity. However, in the following instances, this posting requirement shall not be applicable:
 - i. When there is an unforeseen contingency requiring immediate purchase under Section 52.1(a) of the IRR; or
 - ii. RFQs with ABCs equal to Fifty Thousand Pesos (Php 50,000.00) and below.
- e. After the deadline for submission of price quotations, an Abstract of Quotations shall be prepared setting forth the names of those who responded to the RFQ, their corresponding price quotations, and the lowest quotation (for goods or infrastructure projects) or highest rated offer (for consulting services) submitted.
- f. For Shopping under Section 52.1 (b), at least three (3) price quotations must be obtained.
- g. The deadline for submission may be extended if none or less than the required number of price quotations are received. Extensions of deadline shall be posted in accord with subparagraph 3(d) of these Guidelines.
- h. Award of contract shall be made to the lowest quotation (for goods or infrastructure projects) or, after successful negotiations, the highest rated offer (for consulting services) which complies with the specifications and other terms and conditions stated in the RFQ.
- i. For information purposes, all awards shall be posted in the PhilG-EPS website, website of the procuring entity, if available, and at any conspicuous place reserved for this purpose in the premises of the procuring entity except for those with ABCs equal to Fifty Thousand Pesos (Php 50,000.00) and below.
- j. The procuring entity must validate whether it is entering into a contract with a technically, legally and financially capable supplier, contractor or consultant by requiring the submission of relevant documents or through other means.

- 1.1. Pursuant to the relevant provisions of the General Appropriations Act¹⁶³, procuring entities have the option to engage the services of private printers for their printing and publication expenditures, subject to public bidding in accordance with RA 9184 and pertinent accounting and auditing rules and regulations.
- 1.2. However, printing of Accountable Forms and Sensitive High Quality/Volume Requirements shall only be undertaken by the recognized government printers, namely: Bangko Sentral ng Pilipinas, National Printing Office, and APO Production Unit, Inc.

2. SCOPE AND APPLICATION

3. DEFINITION OF TERMS

For the purpose of these guidelines, the following terms shall have the corresponding meanings:

- a. **Accountable Forms.** Refer to forms that are individually identified, accounted for, and afforded appropriate security. The list of accountable forms shall be provided in Annex A hereof.
- b. **Recognized Government Printers (RGPs).** Refer to the printers acknowledged by the government to undertake the printing of accountable forms for other government agencies as provided for under Section 29 of RA 9970, namely, *Bangko Sentral ng Pilipinas*, National Printing Office, and APO Production Unit, Inc.

- 4.1. The procuring entity shall determine whether a printing expenditure is for an Accountable Form or for a Sensitive High Quality/Volume document.
- 4.2. The procuring entity shall prepare the technical specifications for the Accountable Forms or Sensitive High Quality/Volume printing requirement, which shall include, among others, the prescribed security features, output quantity, and target completion time.
- 4.3. It shall then conduct a market analysis to determine the Approved Budget for the Contract (ABC) taking into consideration the prevailing standard cost for its printing requirements.
 - 4.3.1. The procuring entity may seek the assistance of the PCOO in determining whether no RGP is capable of undertaking the printing service.
 - 4.3.2. Upon determination by the PCOO that no RGP can undertake the printing service due to time constraints and equipment limitations, the procuring entity may engage the services of private printers.

GPPB CIRCULAR 02-2010
GUIDELINES ON COMPARISON OF BIDS SUBMITTED BY
COOPERATIVES

1.0 Purpose

This Circular¹⁶⁵ is being issued to clarify the procedure for comparison of bids submitted by cooperatives in line with the principle that all bids shall be evaluated on an equal footing to ensure fair and competitive bid comparison.

2.0 Coverage

All Departments, Bureaus, Offices and Agencies of the National Government, including State Universities and Colleges, Government Owned and/or Controlled Corporations, Government Financial Institutions, and Local Government Units.

3.0 Guidelines on Comparison of Bids Involving Cooperatives and Non-Cooperatives

3.1 Under Section 32.2.2 of the Implementing Rules and Regulations (IRR) of Republic Act 9184, all bidders shall be required to include the cost of all taxes, such as, but not limited to, value added tax, income tax, local taxes, and other fiscal levies and duties which shall be itemized in the bid form and reflected in the detailed estimates.

Such bids, including said taxes, shall be the basis for bid evaluation and comparison.

3.2 Since cooperatives are granted tax exemptions by law, they enjoy a clear advantage over non-cooperatives.

3.3 To ensure that all bids shall be evaluated on an equal footing, all taxes itemized by non-cooperatives in their bids and which cooperatives are exempt from shall be added to the bids of cooperatives strictly for purposes of evaluation and comparison.

3.4 If, after evaluation and comparison, the bid submitted by a cooperative is still determined to be the lowest bid, the taxes added during bid evaluation shall be removed. Award of contract shall be based on the original bid price, subject to Section 34.4 of the IRR.

4.0 This Circular shall take effect immediately.

5.0 For guidance and compliance.

¹⁶⁵ Issued on 24 November 2010.

APPENDIX 23

REVISED GUIDELINES ON THE USE OF ORDERING AGREEMENT

2. SCOPE AND APPLICATION

- 2.1. These guidelines shall govern the use of Ordering Agreement by all departments, bureaus, offices, and agencies of the national government, GOCCs, GFIs, SUCs, and LGUs for goods determined to be necessary and desirable to address and satisfy the needs of the procuring entities, but by its nature, use, or characteristic, the quantity and/or exact time of need cannot be accurately pre-determined.
- 2.2. Ordering Agreement may be used for expendable or non-expendable goods, and services for hotel accommodation, air travel, and repair and maintenance.
- 2.3. Services allowed to be subject of an Ordering Agreement shall be limited to those mentioned in Section 2.2, and shall not cover procurement of consulting services, and infrastructure projects.

3. DEFINITION OF TERMS

- 3.1. **Delivery Order Contract.** Refers to a contract that authorizes and obligates a supplier/service provider to deliver certain quantity or render a particular service within an agreed period and at a fixed price per unit, item or identified service pursuant to the Ordering Agreement entered into between the procuring entity and the supplier. The Delivery Order Contract shall trigger the exercise by the procuring entity of the option to purchase in the amount, quantity, and extent not exceeding those projected in the Order Agreement List and shall constitute the actual purchase by the procuring entity.
- 3.2. **Ordering Agreement.** A written agreement in the nature of an option contract between the procuring entity and the Lowest Calculated and Responsive Bidder granting the procuring entity the option to either place an order for any of the goods identified in the Order Agreement List or not buy at all, within a given period of time.

- 3.3. **Order Agreement List.** Refers to the list of goods, and their corresponding technical specifications, scope of work, projected quantities, and fixed prices, subject of the Ordering Agreement. This shall be limited to goods that are (i) identified to be necessary and desirable, but, by its nature, use, or characteristic, the quantity and/or exact time of need cannot be accurately pre-determined; and (ii) using an Ordering Agreement is most practical, economical, and advantageous for the procuring entity.

4. GENERAL CONDITIONS

- 4.1. Ordering Agreement may be used only upon compliance with the following requirements:
- a) The Head of the Procuring entity (HOPE) determines that adopting an Ordering Agreement will be more advantageous for the procuring entity having considered the following:
- (i) End-User Unit's certification that the goods in the Order Agreement List are necessary and desirable for the operations of the procuring entity, supported by the following documents:
1. Document, such as, but not limited to, feasibility study, needs analysis, or historical data, establishing the need for the acquisition of the goods in the Order Agreement List; and
 2. Market study establishing the ABC for each of the goods;
- (ii) Result of cost-benefit analysis supports the appropriateness of using Ordering Agreement by establishing benefits, such as, but not limited to the following:
1. Stockholding or warehousing of goods and the costs and risks accompanying it will be significantly reduced or avoided;
 2. Additional cost will be lessened as the possibility of delay in the acquisition of the goods is minimized;
 3. The commitment by the supplier to immediately deliver at a short notice will translate to a more efficient means of supplying goods;
 4. Procuring entity will benefit from the fixed price for the duration of the Ordering Agreement;
 5. Ordering at the time of actual need will result in the optimum usage of the ABC; or
 6. The benefits and advantages of lean and just-in-time procurements are achieved.

- 5.5. The estimated quantity of items or services shall be determined based on the expected number to be required by the procuring entity should the need arise. The estimated quantity shall be considered as the maximum quantity allowed to be purchased by the procuring entity, which the supplier or service

provider is bound to deliver or perform pursuant to the Delivery Order Contract.

6. COMPETITIVE BIDDING

- 6.1. The procuring entity shall conduct the bidding using the single stage, two-envelope procedure as prescribed in Sections 23 and 25 of RA 9184 and its IRR, whereby upon option of the procuring entity, bidders may be allowed to bid on a per item/lot/package basis as provided in the Order Agreement List. The form and amount of performance security shall be those indicated in RA 9184 and its IRR.

8. DELIVERY ORDER CONTRACTS

- 8.1. When the procuring entity has determined the necessity for one or more of the items covered in the Ordering Agreement and the need to actually order these, it shall require the delivery of the item identified in the Order Agreement List in such quantity or scope and at the fixed price for which it was awarded by executing a Delivery Order Contract in favor of the supplier/service provider to obligate the latter to deliver or perform according to the terms and conditions stated in the Ordering Agreement.

- 8.3. There is no limit on the number of Delivery Order Contracts that may be executed or issued. However, the aggregate amount of all executed or issued Delivery Order Contracts shall not exceed the total contract price specified in the Ordering Agreement. No other costs are authorized unless otherwise specified in the Ordering Agreement.
- 8.4. The procuring entity may execute or issue Delivery Order Contracts requiring delivery to multiple destinations or performance at multiple locations.
- 8.5. For purposes of participation in other public bidding activities, the aggregate of the Delivery Order Contracts for a particular item satisfactorily completed by the supplier/service provider shall be considered as one (1) contract with the cumulative amount thereof as the total contract amount. In such case, the date appearing on the certificate of acceptance issued by the procuring entity for the last delivery will be considered as the date of completion of the contract.

9. IMPLEMENTATION AND TERMINATION OF ORDERING AGREEMENTS

- 9.1. The Warranty provision for goods under Section 62 of RA 9184 and its IRR shall be observed under the Ordering Agreement, and shall be posted for each Delivery Order Contract.

- 9.5. Once the cumulative amount of liquidated damages reaches ten percent (10%) of the total amount of the awarded items under the Ordering Agreement, the procuring entity shall rescind the same, without prejudice to other courses of action and remedies open to it.
- 9.6. Without prejudice to the provisions of applicable laws, rules, and guidelines, the Ordering Agreement shall automatically terminate under the following conditions:

- 11.2. The BAC shall open the bids immediately after the deadline for submission and receipt of bids, and on the bid opening date.
- 11.3. Before the decryption of electronic bids, the Bid Opener must first login to PhilGEPS and only then can BAC members input their respective USER IDs and PASSWORDS, *provided however*, that PhilGEPS decryption will not take place unless all the members present and logging-in constitute quorum.
- 11.4. The Bid Opener shall publicly open the first bid envelopes of bidders who submitted bids manually to determine each bidder's compliance with the documents required to be submitted for eligibility, that is, legal, technical and financial eligibility documents; and for the technical requirements. For this purpose, the BAC shall check the submitted documents of each bidder against a checklist of required documents to ascertain if they are all present, using a non-discretionary "pass/fail" criterion. If a bidder submits the required document, it shall be rated "passed" for that particular requirement. In this regard, bids that fail to include any requirement or are incomplete or patently insufficient shall be considered as "failed". Otherwise, the BAC shall rate the bidder "passed" in relation to the eligibility and technical documents in the first envelope.
- 11.5. After all the manually submitted first envelopes of bidders were opened, and the results and findings were encoded in the PhilGEPS Preliminary Examination Report facility, the Bid Opener shall thereafter proceed to decrypt the electronic First Bid Envelopes submitted by the On-line Bidders to determine each bidder's compliance with the required eligibility and technical documents following the steps and procedures outlined in Section 11.4 hereof. Thereafter, the Bid Opener shall input the findings and results into the PhilGEPS' Preliminary Examination Report facility.
- 11.6. Immediately after determining compliance with the requirements in the first envelope, the Bid Opener shall forthwith open the manually submitted second bid envelope of each eligible bidder whose first bid envelope was rated "passed." The second envelope of each complying bidder shall be opened within the same day.
- 11.7. After all the manually submitted second envelopes of bidders were opened, and

the results and findings were encoded in the PhilGEPS Preliminary Examination Report facility, the Bid Opener shall thereafter proceed to decrypt the electronic Second Bid Envelopes of each On-line Bidders whose electronic first bid envelope was rated "passed" to determine each bidder's compliance with the required financial documents following the steps and procedures outlined in Section 11.6 hereof.

- 11.8. In case one or more of the requirements in the second envelope of a particular bid is missing, incomplete or patently insufficient, and/or if the submitted total bid price exceeds the ABC, the BAC shall rate the bid concerned as "failed". The Bid Opener shall then input the findings and results into the PhilGEPS' Preliminary Examination Report facility.

Only bids that are determined to contain all the bid requirements for both components shall be rated "passed" and shall immediately be considered for evaluation and comparison.

- 11.9. PhilGEPS shall automatically send an electronic mail to all bidders who failed in the preliminary examination of the first and/or second envelope.

12. BID EVALUATION

Goods and Infrastructure

For the procurement of goods and infrastructure projects, the purpose of bid evaluation is to determine the Lowest Calculated Bid using the following steps:

- 12.1. The BAC shall immediately conduct a detailed evaluation of all bids using non-discretionary criteria in considering the following:
- a) Completeness of the bid. Unless the Instructions to Bidders specifically allow partial bids, bids not addressing or providing all of the required items in the Bidding Documents including, where applicable, bill of quantities, shall be considered non-responsive and, thus, automatically disqualified. In this regard, where a required item is provided, but no price is indicated, the same shall be considered as non-responsive, but specifying a "0" (zero) or dash (-) for the said item would mean that it is being offered for free to the Government; and
 - b) Arithmetical corrections. Correct computational errors and omissions to enable proper comparison of all eligible bids. It may also consider bid modifications if expressly allowed in the Bidding Documents. Any adjustment shall be calculated in monetary terms to determine the calculated prices.^(a)
- 12.2. The BAC shall evaluate all bids on an equal footing to ensure fair and competitive bid comparison. For this purpose, all bidders shall be required to include the cost of all taxes, such as, but not limited to, value added tax (VAT), income tax, local taxes, and other fiscal levies and duties which shall be itemized in the bid form and

reflected in the detailed estimates. Such bids, including said taxes, shall be the basis for bid evaluation and comparison.

- 12.3. In case of discrepancies between: (a) bid prices in figures and in words, the latter shall prevail; (b) total price of the item and unit price of the item as extended or multiplied by the quantity of that item, the latter shall prevail; (c) stated total price and the actual sum of prices of component items, the latter shall prevail; (d) unit cost in the detailed estimate and unit cost in the bill of quantities, the latter shall prevail.
- 12.4. Bids shall then be ranked in the ascending order of their total calculated bid prices, as evaluated and corrected for computational errors, and other bid modifications, to identify the Lowest Calculated Bid. Total calculated bid prices, as evaluated and corrected for computational errors, and other bid modifications, which exceed the ABC shall be disqualified.
- 12.5. After all bids have been received, opened, examined, evaluated, and ranked, the BAC shall prepare the corresponding Abstract of Bids. All members of the BAC shall sign the Abstract of Bids and attach thereto all the bids with their corresponding bid securities and the minutes or proceedings of the bidding. The Abstract of Bids shall contain the following:
 - a) Name of the contract and its location, if applicable;
 - b) Time, date and place of bid opening; and
 - c) Names of bidders and their corresponding calculated bid prices arranged from lowest to highest, the amount of bid security and the name of the issuing entity.

The entire evaluation process for the procurement of goods and infrastructure projects shall be completed within seven (7) calendar days from the deadline for receipt of proposals. However, for infrastructure projects costing Fifty Million Pesos (P50,000,000) and below, the entire evaluation process shall be completed in not more than five (5) calendar days from the deadline for receipt of proposals.

- 12.6. After conducting the detailed evaluation of all bids using non-discretionary criterion, the Bid Opener shall input and record the results of the evaluation into the PhilGEPS' Evaluation Summary Report facility.
- 12.7. The PhilGEPS shall automatically rank the bidders in ascending order based on their total calculated bid prices to identify the LCB as evaluated and corrected for computational errors, and other bid modifications. Total calculated bid prices, as evaluated and corrected for computational errors, and other bid modifications, which exceed the ABC shall be disqualified. After all bids have been received, opened, examined, evaluated, and ranked, the system shall thereafter generate the Abstract of Bids in the form of PhilGEPS Evaluation Summary Report.

- 12.8. The BAC shall manually prepare a Resolution whether approving or denying the Abstract of Bids generated by the system. However, after the BAC Resolution approving the Abstract of Bids is uploaded in the PhilGEPS, an electronic message shall be automatically sent to all bidders who participated informing them that the Abstract of Bids is available for downloading.

Consulting Services

- 12.9. To determine the Highest Rated Bid (HRB), the BAC shall immediately conduct a detailed evaluation of all bids using the steps provided for under Section 33 of the IRR of RA 9184.
- 12.10. After conducting the detailed evaluation of all bids using non-discretionary criteria, the Bid Opener shall input and record the results of the evaluation into the PhilGEPS' Summary Report facility.
- 12.11. The PhilGEPS shall automatically rank the bidders in descending order based on their total score to identify the HRB. After all bids have been received, opened, examined, evaluated, and ranked, the system shall thereafter generate the Abstract of Bids.
- 12.12. The BAC shall manually prepare a Resolution whether approving or denying the Abstract of Bids generated by the system. However, after the BAC Resolution approving the Abstract of Bids is uploaded in the PhilGEPS, an electronic message shall be automatically sent to all bidders who participated informing them that the Abstract of Bids is available for downloading.

13. POST QUALIFICATION

- 13.1 The Lowest Calculated Bid ("LCB")/Highest Rated Bid ("HRB") shall undergo post-qualification pursuant to Rule X of the IRR in order to determine whether the bidder concerned complies with and is responsive to all the requirements and conditions as specified in the Bidding Documents.
- 13.2 Within one (1) day after the approval of the Abstract of Bids, the bidder with the LCB/HRB should be notified through electronic mail that the bidder shall undergo post-qualification and submit the post-qualification requirements within three (3) calendar days as provided for under Section 34.2 of the IRR.
- 13.3 If the BAC determines that the bidder with the LCB/HRB passes all the criteria for post-qualification, it shall declare the said bid as the Lowest Calculated Responsive Bid (LCRB)/ Highest Rated Responsive Bid (HRRB), and recommend to the Head of the Procuring Entity the award of contract to the said bidder at its submitted bid price or its calculated bid price, whichever is lower or, in the case of quality-based evaluation procedure, submitted bid price or its negotiated price, whichever is lower.

- 13.4 If, however, the BAC determines that the bidder with the LCB/HRB fails the criteria for post-qualification, it shall immediately notify the said bidder electronically in writing of its post-disqualification and the grounds for it.
- 13.5 Immediately after the BAC has electronically notified the first bidder of its post-disqualification, and notwithstanding any pending request for reconsideration thereof, the BAC shall initiate and complete the same post-qualification process on the bidder with the second LCB/HRB. If the second bidder passes the post-qualification, and provided that the request for reconsideration of the first bidder has been denied, the second bidder shall be post-qualified as the bidder with the LCRB/HRRB.
- 13.6 If the second bidder, however, fails the post-qualification, the procedure for post-qualification shall be repeated for the bidder with the next LCB/HRB, and so on until the LCRB or HRRB, as the case may be, is determined for award, subject to Section 37 of the IRR.
- 13.7 The post-qualification process shall be completed in not more than seven (7) calendar days from the determination of the LCB/HRB. In exceptional cases, the post-qualification period may be extended by the Head of the Procuring Entity, but in no case shall the aggregate period exceed thirty (30) calendar days.
- 13.8 The BAC or its Bid Opener shall record and encode the post-qualification results of manually submitted documents in the PhilGEPS. For electronic documents submitted online, the BAC or its Bid Opener shall decrypt the documents and the results recorded automatically.
- 13.9 After recording the post-qualification summary and uploading the BAC resolution declaring the bidder with the LCRB/HRRB in the PhilGEPS, an electronic message shall be automatically sent to all bidders who participated informing them that the Notice of LCRB/HRRB is available for downloading.

14. AWARD

- 14.1 The BAC shall recommend to the Head of the Procuring Entity the award of contract to the bidder with the LCRB/HRRB or the Single Calculated/Rated Responsive Bid after the post-qualification process has been completed.

To facilitate the approval of the award, the BAC shall submit the following supporting documents to the Head of the Procuring Entity:

- a) Resolution of the BAC recommending award;
- b) Abstract of Bids;
- c) Duly approved program of work or delivery schedule, and Cost Estimates;

- d) Document issued by appropriate entity authorizing the procuring entity to incur obligations for a specified amount; and
 - e) Other pertinent documents required by existing laws, rules, and/or the procuring entity concerned.
- 14.2 In case of approval, the Head of the Procuring Entity (HOPE) shall immediately issue the Notice of Award to the bidder with the LCRB/HRRB. In the event the Head of the Procuring Entity shall disapprove such recommendation, such disapproval shall be based only on valid, reasonable, and justifiable grounds to be expressed in writing, copy furnished the BAC.
- 14.3 Upon approval by the HOPE of the BAC recommendation to award the contract to the LCRB/HRRB, the Notice of Award ("NOA") shall be created by the Bid Notice Creator in the PhilGEPS upon instruction of the HOPE, *provided however*, that the NOA shall only be created and issued to the LCRB/HRRB if no request for reconsideration or protest is received by, or inputted in PhilGEPS.
- 14.4 Upon issuance of the NOA to the LCRB/HRRB, an electronic message shall be automatically sent to all bidders who participated informing them of the results of the bidding process.
- 14.5 Notwithstanding the issuance of the Notice of Award, the award of the contract shall be subject to the following conditions:
- a) Submission of the following documents within the prescribed period:
 - i) Valid JVA, if applicable, within ten (10) calendar days from receipt by the bidder of the notice from the BAC that the bidder has the LCRB or HRRB, as the case may be; or
 - ii) In the case of infrastructure projects, valid PCAB license and registration for the type and cost of the contract to be bid for foreign bidders, within thirty (30) calendar days from receipt by the bidder of the notice from the BAC that the bidder has the LCRB, when the Treaty or International or Executive Agreement expressly allows submission of the PCAB license and registration for the type and cost of the contract to be as a pre-condition to the Notice of Award;
 - b) Posting of performance security in accordance with Section 39 of this IRR;
 - c) Signing of the contract as provided in Section 37.2 of the IRR; and
 - d) Approval by higher authority, if required, as provided in Section 37.3 of the IRR.
- 14.6 Contract award shall be made within the bid validity period provided in Section 28 of the IRR.

- 14.7 The BAC, through the Secretariat, shall post, within three (3) calendar days from its issuance, the Notice of Award in the PhilGEPS, the website of the procuring entity, if any, and any conspicuous place in the premises of the procuring entity.
- 14.8 After the contract signing and submission of the Performance Bond, the Bid Notice Creator shall update the "proceed date" and the "contract start and end dates" and upload a copy of the Notice to Proceed and approved Contract in the PhilGEPS.

15. APPLICATION OF RA 9184 AND ITS REVISED IRR

In case of silence, ambiguity, or vagueness of the provision embodied in this Guidelines, the procedures and processes contained in RA 9184 and its revised IRR shall suppletorily apply.

16. EFFECTIVITY
